

Nuclear Data Will Be Given NATO By U.S.

WASHINGTON (AP) — President Johnson notified Congress today that he has approved a new agreement to extend the types of atomic information the United States may give to the North Atlantic Treaty Organization and its member nations.

The new agreement supercedes an earlier one, under which NATO and its members have been receiving some atomic information for the past several years.

In notifying Congress of the new agreement, Johnson said the expanded area of information is needed to make effective use of nuclear delivery systems being provided by this country under bilateral procedures and agreements that followed creation of NATO atomic stockpiles in 1957.

Also, Johnson said, the new agreement will permit NATO member countries to share in information that this country has been exchanging only with the NATO organization itself, under a 1955 agreement.

He said the new agreement "represents a logical and useful step in our continuing and varied efforts to ensure wider allied participation in NATO nuclear defenses."

Furthermore, Johnson said, "such wider participation is necessary on both military and political grounds. It is needed to enhance the effectiveness of NATO defenses. On political grounds, it is needed to reinforce NATO cohesion in meeting our allies' legitimate desire to make a constructive contribution to nuclear defense."

Under the Atomic Energy Act the Joint House-Senate Atomic Energy Committee must have 30 days' notice before the agreement can go into effect.

Secretary of Defense Robert S. McNamara and Glenn T. Seaborg, chairman of the Atomic Energy Commission, had recommended that the President approve the broadening agreement.

In a memorandum to Johnson, they stressed that the new agreement makes clear that there will be no transfer of atomic weapons or atomic weapons systems involving restricted data.

POPE PAUL VI is shown speaking during mass he celebrated at St. Peter's Basilica in Vatican City. Aides of the pontiff are reported worried over his work pace and are urging him to take a rest. Today is the first anniversary of his coronation. (AP Wirephoto via cable from Rome)

Goldwater Will Meet Michigan Delegates Today

LANSING (AP)—Arizona Sen. Barry Goldwater visits Michigan today to present the other side of the fight for the Republican nomination for president.

Goldwater, who will meet with Michigan's officially uncommitted 48-vote delegation to the Republican national convention, follows by four days his chief rival, Pennsylvania Gov. William W. Scranton.

Goldwater, who met the New Jersey delegation Monday, was to appear before the Illinois delegation earlier today.

The Arizona senator will be greeted by Gov. George W. Romney, who three weeks ago pledged to "do everything in my power to keep him (Goldwater) from becoming the party's presidential candidate."

Busy Schedule
He will spend an hour with the delegation, four of whose members are included in the more than 655 delegates given the GOP front-runner in the Associated Press poll.

Goldwater will spend a scant three hours in Michigan — compared to the 29 spent by Scranton in his drive to build up popular support along with delegate strength.

Scranton also spent an hour with the delegation. Both were invited to spell out their views on key issues before delegates and alternates. Romney also had requested private meetings with all GOP candidates, but Goldwater's schedule includes no such meeting.

He is to land at 6 p.m. at Lansing's Capital City Airport, where he will make a brief speech. He will be greeted by Gov. and Mrs. Romney and State Republican Chairman Arthur Elliott.

Questions Prepared
Goldwater will meet with the delegates at 7 p.m. and attend

Negroes Taunt Chicago Police

CHICAGO (AP) — More than 300 Negroes paraded on the South Side early today, jeering and taunting police, and daring them to arrest the marchers.

It was the second successive early morning civil rights demonstration. Leaders of the march promised frequent similar parades during the summer.

Today's march was called to rally support for picketing of Gov. William W. Scranton of Pennsylvania who will speak in downtown Chicago today. Civil rights leaders said 1,000 Negroes will picket Scranton, who is seeking the Republican nomination for president.

Before the Negroes paraded, they met in the open air at 47th Street and South Parkway to hear leaders of ACT, a nationwide group of civil rights organizations.

Club Leader Dies

LOS ANGELES (AP) — Bennett O. Knudson, 74, president of Kiwanis International in 1939 and 1940, died of a heart attack during the organization's 49th annual convention. He was a native of Minnesota and practiced law in Albert Lea for many years.

Planes Collide Off Bermuda; 12 Men Missing

HAMILTON, Bermuda (AP)—U.S. boats and planes were searching off Bermuda's south coast today for 12 American airmen missing after the collision of two Air Force planes during a space training mission.

The planes plunged into the Atlantic Monday as parachuting airmen were running a test rescue operation for the two-man Gemini space project.

There were 24 men in the two planes. Seven were rescued. Five bodies had been recovered Monday night.

The survivors were reported in good condition.

The two planes, each carrying 12 men, brushed wings as Air Force photographers in small boats below were shooting a para-rescue training film. A Gemini capsule was in the water below, and the planes were dropping men to simulate its recovery.

A spokesman at Kindley Air Force Base, four miles from the scene, said there were indications all seven survivors had jumped before the crash as part of the scheduled test-rescue operation.

The planes were flying at about 1,500 feet on the same course when they touched, a witness said.

Congo Premier Adoula Resigns

LEOPOLDVILLE, the Congo (AP)—Premier Cyrille Adoula resigned today as the Congo marked the fourth anniversary of its independence and the last U.N. troops left the country.

President Joseph Kasavubu announced he had accepted Adoula's resignation. He said a new government would be formed in a few days.

There was widespread expectation that the new government would be headed by Moise Tshombe, the secessionist whose defiance of Adoula's government was ended by the U.N. Congo force early in 1963.

Tshombe returned last week from self-imposed exile in Europe and embarked on a reconciliation mission to bring together the still turbulent African country's feuding politicians.

The former president of Katanga Province announced Monday night that Antoine Gizenga, Communist-supported breakaway government, will be freed soon from the island prison where he has been held for 2½ years.

With Gizenga's return, all surviving political leaders at the outset of the Congo's independence will be back in the political arena.

Little League Pitcher Killed As Trespasser

BOYLSTON, Mass. (AP) — The 12-year-old pitcher of a Little League baseball team was shot to death for trespassing on an elderly man's property, police said today.

Richard Beauregard was killed Monday when hit in the neck with a slug from a 30-30 rifle.

Carl Anderson, 67, a retired merchant seaman, was charged with murder.

Police said seven boys including Richard and his twin brother, Robert, were on Anderson's property near the victim's home. Anderson had complained to police recently about boys trespassing on his land, they said.

Scranton Seeks Illinois Votes

CHICAGO (AP) — Gov. William W. Scranton of Pennsylvania, scrambling to prevent a first-ballot nomination of Republican presidential contender, Sen. Barry Goldwater, vies for votes with the Arizona senator today.

The two will make separate one-hour request appearances before the key Illinois Republican delegation to the July 13 San Francisco convention. Also to appear is Harold Stassen, another candidate for the presidential nomination.

The latest Associated Press poll of delegates lists 693 tentatively committed to Goldwater and 138 for Scranton. Thirty-nine of the 38 Illinois delegates are pledged to Goldwater, 1 to former Vice President Richard M. Nixon and 18 uncommitted.

Scranton, while on a delegate seeking drive in the South Monday, challenged Goldwater to a face-to-face debate before the Illinois delegation. The challenge was ridiculed by Goldwater, who said, "Why should I stand in front of a delegation that I already have and argue with another Republican?"

For Scranton, the meeting today will put his appeal to Republican delegates squarely on the line.

Elder Kennedy Has Jaw Surgery

HYANNIS PORT, Mass. (AP) — Former Ambassador Joseph P. Kennedy, 75, father of the late president, was recuperating today from minor oral surgery. Doctors said he was in good condition.

After the 45-minute operation for a jaw infection Monday at Cape Cod Hospital, Kennedy returned home.

Today's Chuckle

It is now the season for the flies to come around to make screen tests.

Manila Paralyzed By Typhoon Winnie

Daughter Lynda Tours The Fair

NEW YORK (AP) — Lynda Bird Johnson, daughter of the President, went to the fair Monday. Her visit to the New York World's Fair was a surprise, officials said.

Accompanied by White House aides and Secret Service men, she toured the federal, General Motors, and Ford pavilions.

Castro Spurned By His Sister

MEXICO CITY (AP) — Fidel Castro's sister Juanita has defected, charging that the Cuban prime minister betrayed his revolution and sold out Cuba to the Soviet Union.

"The people of Cuba are nailed to a cross of torment imposed by international communism," Juanita Castro Ruz said Monday night in an emotion-charged statement to Mexican television commentator Guillermo Vela.

With tears in her eyes and her voice breaking, the 41-year-old woman read a six-page denunciation of the Cuban regime headed by her brothers Fidel and Raul.

Miss Castro, one of seven Castro brothers and sisters, refused to say how she came to Mexico from Cuba. Her sister Emma has lived in Mexico City since her marriage three years ago to a Mexican engineer.

Miss Castro said she had supported her brother's revolution against dictator Fulgencio Batista by collecting money, arms and medicine in Cuba and abroad. After his victory she dedicated herself to building schools and hospitals, she said, but she soon realized Castro had abandoned the ideals of his revolution and "we were being deceived."

She said there are now 75,000 political prisoners in Cuba and the island is "an enormous prison surrounded by water."

Deteriorating conditions in the last few months finally forced her to flee, she said.

She reported the Cuban people lack food, clothing and other essentials and wonder what happened to the \$63 million in medicines which Castro received in exchange for prisoners captured in the 1961 Bay of Pigs invasion.

Johnson Spends Most Of July At White House

WASHINGTON (AP) — After two busy months of traveling and speechmaking, President Johnson is expected to spend most of July at the White House.

There are no travel plans on his announced schedule for the month, and aides said only two or three out-of-town engagements are being discussed. The President may make a brief trip to his Texas ranch for the July 4 weekend.

One factor that may be influencing the President's travel plans is the Republican National Convention, which opens in San Francisco July 13 and will likely dominate the news for at least one week. Associates say it is only a coincidence that Johnson has no speaking dates during this period.

Viet Nam War, On Right Track Lodge Declares

WASHINGTON (AP)—Henry Cabot Lodge takes time out today from politicking to assure senators that the South Viet Nam war is "on the track."

But Lodge's assessment of conditions in Saigon, where he served as U.S. ambassador before resigning to help Pennsylvania Gov. William W. Scranton try to win the GOP presidential nomination, seemed likely to encounter bipartisan criticism in an appearance before the Senate Foreign Relations and Armed Services Committees. He returned to Washington Monday.

And his contention that U.S. policy in the Vietnamese war could not become a campaign issue was widely disputed by Republicans.

Lodge said in answer to a series of questions submitted by Wes Gallagher, general manager of The Associated Press, that "I don't see how it gets votes" for the Republicans.

"I have not said that it (South Viet Nam) should not be an issue," Lodge said. "I have said I don't see how it could be. I don't see how it gets votes—how you can make it a good issue."

Contract Talks Started At GM

DETROIT (AP) — New contract negotiations between the United Auto Workers Union and General Motors Corp. opened today in the GM Building in midtown Detroit against a backdrop of statements about high wages and high profits.

GM said Monday that its 354,000 hourly-rated workers are "among the highest-paid industrial employees in the world."

The firm cited an average yearly wage, including overtime, of \$7,500.

But UAW Vice President Leonard Woodcock took issue. He said GM earned before-tax profits "of \$383,000 every hour of the year" in 1963 and can well afford new union gains.

Ford Co. Next
The fabulously wealthy General Motors Corp. is bragging today about the value of past contract gains," said Woodcock. "Just about everyone of these gains was won by the UAW for GM workers over the tooth-and-nail opposition of the GM corporation."

UAW President Walter P. Reuther was to open the GM session today. He also plans to be on hand when talks begin at Ford Motor Co. Wednesday and at Chrysler Corp. Thursday.

Negotiations at American Motors Corp. begin July 8.

Wages, at least direct money payments, are not expected to be the overwhelming issue in the talks which are likely to continue for several weeks. Expiration date of the current Big Three labor contracts is Aug. 31.

More Rest Wanted
UAW council sessions this spring showed strong interest in improving working conditions.

Woodcock touched on this Monday when he said: "If GM wants to suggest workers never had it so good, we suggest that any executive of this corporation try working on the assembly line."

Among improvements to be sought by the union is an additional 15-minute rest period, bringing the daily total to 39 minutes. The companies have indicated they will resist this move. They say it would increase costs and lead to "inefficiencies."

"If you have a disaster in foreign relations, then that becomes an issue whether the politicians make it one or not. Happily I see no prospect of disaster."

A majority of the five Republican members of the Foreign Relations group seemed likely to side with a GOP House task force which Monday accused the Johnson administration of following a "Why win?" policy in Viet Nam and proposed a more active U.S. role in combating Communist guerrillas.

On the Democratic side, Sen. Wayne Morse of Oregon has been flailing away at the administration's course in Southeast Asia, demanding the withdrawal of U.S. troops.

Sen. Barry Goldwater of Arizona, front runner in the GOP nomination battle gave his "full endorsement" to the task force's findings — which were critical of South Viet Nam developments in which Lodge had played a part.

Goldwater said in a statement that the report set forth "reasons why this administration's diplomatic and military blunders are a basic issue in the 1964 election campaign."

Gales Demolish Homes; Floods Take 10 Lives

MANILA (AP) — Typhoon Winnie paralyzed this city of two million today. At least 16 persons were reported drowned and scores more were injured.

The storm's winds of up to 95 miles an hour tore through populous central Luzon Island before dawn, demolished thousands of shanty homes and left Manila without power, light, newspapers and public transportation.

Unofficial reports said 16 persons drowned in swirling flood waters in the Manila area. The communications blackout delayed word of casualties and damage in the provinces.

Rains continued but winds had subsided by late Tuesday morning as Winnie moved over the South China Sea toward the China mainland.

The Weather Bureau said the eye of the storm passed directly over Manila. The winds tore off roofing, knocked down stone and brick walls and uprooted huge trees.

Hundreds of cars and buses were stalled in flooded streets.

Telephone poles were knocked down and news services blacked out. Radio stations were silenced when their transmitting towers were blown down.

Manila International Airport's control tower was unusable, grounding all international and domestic flights.

The typhoon passed 35 miles southwest of the big U.S. Clark Air Force Base north of Manila, but no damage was reported there. A spokesman said aircraft were placed in emergency shelters.

Hunt For Lost Trio Spurred

PHILADELPHIA, Miss. (AP) — The search for the three civil rights workers who vanished nine days ago was stepped up today at the direction of President Johnson.

The Mississippi Highway Patrol also made it clear it was in this red-clay hill country of east central Mississippi to stay until authorities find out what happened to the missing trio.

Rita Schwerner, 22, wife of Michael Schwerner of Brooklyn, one of the missing men, asked the President Monday to send 5,000 men to Mississippi to join in the search.

Mrs. Schwerner, after meeting with the President at the White House, told newsmen Johnson advised her he couldn't send so many.

Schwerner, 24; Andrew Goodman, 20, another white New Yorker; and James Chaney, 22, a Negro from nearby Meridian, were last seen June 21 when they were freed from jail here after posting a \$20 bond in a traffic case.

Before Mrs. Schwerner visited the White House, press secretary George Reedy told reporters that efforts to find the trio had been stepped up and expanded.

Pilotless Jet Rams Houses, Kills 2 Children

HAVERHILL, Mass. (AP) — A silent and pilotless jet fighter slashed into a sleeping neighborhood early today, brushing half a dozen homes and a dozen cars before exploding into a house at the end of the street, killing two children.

Todd Gifford, 10, and his sister, Pamela, 8, perished when they were trapped in their one-story ranch house and burned to death.

Their parents, Mr. and Mrs. Earl H. Gifford, escaped practically unhurt.

The pilot of the Massachusetts Air National Guard F86, Capt. D. F. Sullivan of Boston, ejected from the crippled jet and parachuted into the nearby Merrimack River.

He was rescued by a Coast Guard helicopter.

The crash started a three-alarm fire that damaged several other homes.

Feed Mill Burns At Nottawa

NOTTAWA (AP) — A pre-dawn fire, visible from Centerville about four miles distant, ripped through the main office and production center of the Templin Feed Mill here today.

Cause of the fire was not immediately known and damage estimates await inspection by insurance adjusters.

Owner Floyd Templin of Sturgis, whose main office is at Three Rivers, estimated the total value of the Nottawa production complex at \$200,000.

Fire departments from Centerville, Burr Oaks, Mendon and Sturgis brought the blaze under control.

CREWMEN RUSH to fuel a Hughes 200 helicopter at Bakersfield, Calif., just three hours before its landing at Meadows Field to establish a new 101-hour endurance record of continuous flight. The old mark, 72 hours, 2 minutes, was set years ago by a Navy team. (AP Wirephoto)

C&NW To Offer Free Rides To Top Of Ore Dock

An eventful day in recognition of the Chicago & North Western Railway on Saturday, July 11, will include the offering by the C&NW of free rides through the yards to the top of the ore dock by railway coach.

The rides will begin at 10:30 a.m. and will continue throughout the day. O. W. Brookes, C&NW trainmaster, told the Ore Centennial and C&NW Appreciation committee at its meeting Monday evening.

This is a privilege seldom extended to the general public and the rides will be offered by the North Western to assist in making the Ore Centennial celebration a success, Brookes said. The coach will load at a siding on 3rd Ave. N. in the 500 block on a first come first aboard basis and the rides will continue until 6 p.m.

At the location of the loading station for the free ride to the ore docks, the Chicago & North Western will also set up an interesting and educational "ore train" exhibit.

Ore Train Exhibit

The "ore train" will be representative of the North eastern haul of ore from all of the major mines on all three iron ranges of the Upper Peninsula — the Gogebic, the Menominee and Marquette — which send ore through Escanaba to supply the nation's steel industry.

A locomotive will head the ore train, and included will be a carload of natural ore, and a carload of pellet ore from the Hanna Mining Company's Groveland mine on the Menominee range, and from the Empire Mine on the Marquette range. At the end will be the little red caboose, completing the representation of the typical ore train.

Banquet Tickets

Chief among those who will be greeted and honored in Escanaba on July 11 will be Ben W. Heineman, chairman of the board, and Clyde J. Fitzpatrick, C&NW Railway president.

They will be guests of honor with other industrialists at a noon luncheon at the House of Ludington on Saturday, they will have leading places in the Ore Centennial parade in the afternoon, and they will be recognized and will speak at a dinner in the commons of the Area High School Saturday night.

Six hundred persons will attend the banquet whose speaker will be Carl Högberg, native of Escanaba, who is vice president, raw materials services, U.S. Steel Corp.

Tickets for the banquet are available through the committee headed by John A. Lemmer, the Senior Citizens Committee, the Chamber of Commerce, and Gust Asp. Lemmer reported on the sale of tickets and suggested that they should be purchased at once to avoid disappointment. Couples, husbands and wives, are encouraged to attend for the program will be of interest to women as well as men.

Historical Plaque

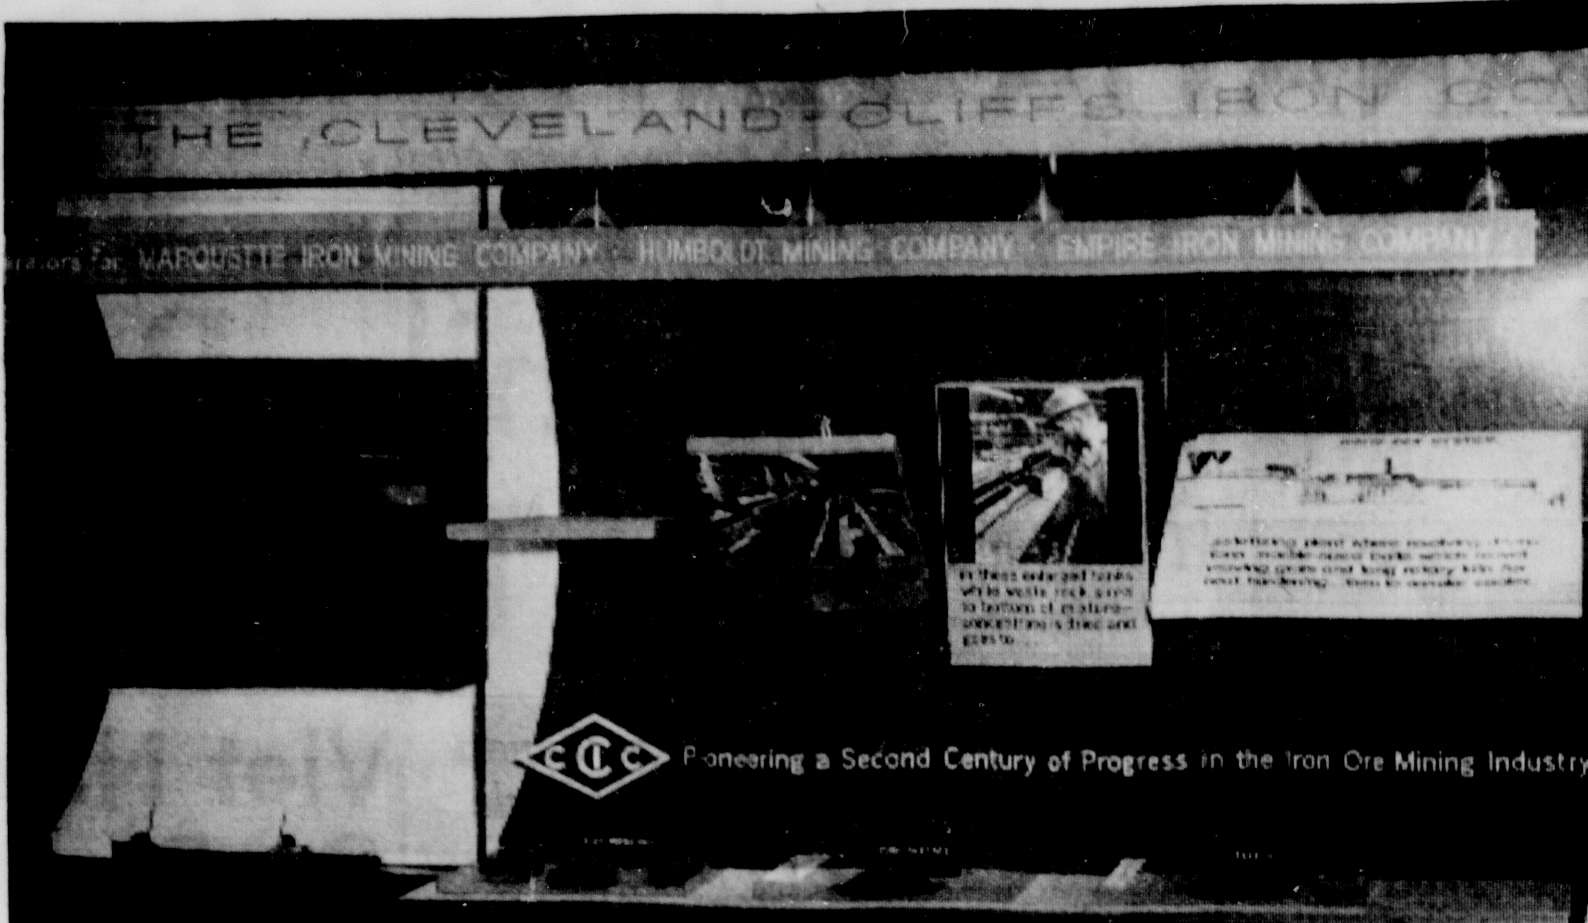

Following the Ore Centennial parade a large boulder of iron ore set up on the Municipal Dock will be unveiled in ceremonies conducted by John J. Mitchell, president of the Delta County Historical Society. The boulder of hematite will have attached a bronze plaque recognizing the North Western as "Escanaba's founder and contributor to the nation's strength."

Heineman will unveil the plaque and respond with remarks of appreciation to the people of the community.

From the "opening gun" and the sounding of whistles and bells at 10 a.m. July 11, through the eventful day to a colorful Venetian Night and fireworks, there will be many special attractions. Besides the train rides to the docks, there will be boat rides on the bay, the big parade in the afternoon, and the climax of the recognition banquet. The Escanaba Yacht Club is sponsoring the boat rides and Venetian Night.

Wesley Hansen is general chairman of the celebration and conducted the meeting in the City Hall last evening.

Early explorers knew the now-extinct dodo bird as "nauseous bird" since no amount of cooking could make it palatable.

AN ANIMATED exhibit sponsored by the Cleveland Cliffs Iron Co., depicting a second century of progress in the iron ore mining industry, will be featured in Escanaba in connection with the Ore Centennial on July 11. The exhibit is nine

feet long and six feet high and was offered to Escanaba by the CCI Co.'s Ogden E. Johnson of Ishpeming, director of industrial relations.

Death Takes John M. Fahey

John M. Fahey, 76, of 212 S. 18th St., died Monday at 7:10 p.m. at St. Francis Hospital after a five month illness.

He was born in Negaunee Aug. 20, 1887, and lived in Bark River and Perkins area many years. He retired in 1954 as a trainmaster for the Chicago & North Western Railway at Winona, Minn., and had lived in Escanaba since that year. He was in the service of the C. & N. W. 53 years. He married the former Lillian Carlson in Perkins in 1917. He was a member of St. Patrick's Church.

Besides his wife he is survived by two daughters, Mrs. Norbert (Arlene) Johnson, Escanaba, and Mrs. Warren (Agnes) Smith of Fort Lauderdale, Fla.; two sisters, Miss Rose Fahey of Escanaba and Mrs. Edwin Bergman, Bark River, and eight grandchildren.

Friends may call at the Alto Funeral Home Wednesday from 3 to 9:30 p.m. and parish prayers will be recited there at 8 p.m.

Services will be held at St. Patrick's Church Thursday at 9 a.m. The Rt. Rev. Msgr. B. Melican will officiate.

Briefly Told

Delta Lodge No. 195 F.&A.M. will hold a Regular Communication at the Masonic Temple at 7:30 p.m. Wednesday, July 1. Lunch will be served. Visiting Masons are invited to attend.

Senior Luther League of Bethany Lutheran Church, Escanaba, will sponsor a car wash, Wednesday from 10:30 a.m. to 4 p.m., with coffee and cookies served.

An immunization clinic will be held Wednesday beginning at 10 a.m. E.S.T. in the Home Economics room of the Carnegie-Nadeau school, with Dr. Mary Creten in charge.

Schaffer-Groos Blacktop To Be Finished In '64

The Delta County Road Commission in well launched on its annual summer construction period with major road construction, blacktopping and bridge replacement projects underway.

The blacktopping program alone will cost about \$140,000, says William J. Karas, county highway engineer-superintendent.

Highway workers are constructing 5 miles of County Road 523, the Boney Falls road, creating a new grade with a foot of sand and a half foot of gravel on top of the old grade, and providing new drainage structures. The road will be blacktopped in 1965.

The priming and double-sealing of blacktop on Wells alleys and streets has been completed.

County Road 499 from St. Jacques past Indian Point to Nahma, a distance of 4.5 miles, has been primed and double sealed with blacktop treatment. This road was graded in three stages in recent years.

The road from the Grange Hall at Stonington to Peninsula Point on the Stonington Peninsula, which had its grade improved in a 1963 project, will be double-sealed in work starting within a week.

A problem of road maintenance in the area is the exhaustion of gravel resources there available to the county. The Forest Service has some reserves in the Schaawe Lake area but is reserving them for use on forest highways.

Local Road L3 from Isabella north in Nahma Township will be primed and double sealed for 3 miles in a project paid for by the township after earlier grade work.

County Road 442 on the Whitefish Plains northeast of Rapid River, which had its grade rebuilt in 1963 by the Forest Service, will be primed and triple sealed under a negotiated contract.

Thornton Construction Co.

Workbee Tonight For Sportsmen

Delta County Sportsmen's Club is holding a workbee at the club tonight beginning at 6 p.m. The group will be preparing the new skeet layout for the U.P. meet to be held here on August 9.

Following the workbee there will be a meeting of the board of directors in the clubhouse.

Catholic Camp Opens Sunday

LAND O' LAKES, Wis. — The older girls' session at Camp Plagens, Marquette Catholic Diocese summer camp, opened Sunday, with 76 girls, ages 12-16, reporting for 10 days of supervised camping activities.

The younger girls' session, ages 8-11, begins Sunday, July 12. Inquiries may be directed to Camp Director, Land O' Lakes, Wis., or to Locker Drawer 538, Marquette.

Girls from this area attending are: Counsellor Mary Earle, Blaney Park; Campers: Mary Anne Schmit, Margaret Schmit, Mary Lauzon, Sally Vergiels, Susan LeMire, Laura Ann Norton, Lani Norton, Mary Ann Lorey and Barbara Schmit, all of Escanaba.

Roberta St. Onge, Laurie Ann Hill, Betty Gustafson, Bonnie Gustafson, Linda Gustafson, Kathy Carmean and Barbara Ahlich, all of St. Ignace.

Farming Forward

Governor Romney's recent Upper Peninsula Conference on Economic Opportunities at Northern Michigan University developed a comprehensive and encouraging picture of the future of U. P. farming.

What has the U. P. got going for itself in farming and food industries?

1. Glenn Lake, president of the Michigan Milk Producers and the National Dairy Association reported that most Grade A milk producers have now pledged money for plants that will preserve the U. P. markets for their milk, and that they have copyrighted a trademark, "Vacationland," under which their products will be sold.

MMPA is considering extension of the Vacationland label and quality controls program to other groups so that the Upper Peninsula dairy industry will be united as never before and able to face the competition that has nibbled away so much of its markets.

2. U. P. milk ranchers said the Michigan State University veterinary research services and those of the Michigan Department of Agriculture laboratory at Escanaba had been very valuable to them in the development of their multi-million dollar industry. They asked for expansion of the Escanaba laboratory and more funds for MSU milk research in a lab on the East Lansing campus. The milk industry brings about \$5,850,000 yearly to Michigan now and 45 per cent of it comes to the Upper Peninsula.

3. Expansion of Department of Agriculture laboratory services in Escanaba are sought by the dairy industry to avoid the present delay in state lab testing at Lansing, and for seed analyst tests and other needs of U. P. farmers.

This is an old plea. When the State of Michigan sets out to help the Upper Peninsula, its northern, neglected third, it usually sets up a development agency of earnest young men to rush about and urge industry to grow. The thing most needed for industrial growth is to nourish existing industries, and vital services like laboratory tests are indispensable to this process. U. P. dairy industry, trying to grow in a very competitive situation has for years been trying to get by with sending a carload of products down to the lab to be tested there's usually a door on the lab: "Overloaded with work; please wait."

4. Cash canning crops like potatoes and pea beans, are to be expanded and tests are being made on the area's ability to produce cole crops (broccoli, etc.) for packing.

Russet Burbanks (baking) potato production is expanding, especially in Dickinson, Iron, Delta and Menominee counties, with 12 new potato warehouses recently built in Dickinson County. About one-quarter of the potatoes in Dickinson County are being irrigated at present and there is additional land which might be developed.

The U. P. once had hundreds more potato growers than it has today. The need for specialization forced many growers out of the business and those who remain are mostly big operators with large investments in equipment who produce high quality tubers and who have developed stable marketing outlets. Where once the potato farmers looked for a naturally rich soil to grow his tubers, this new order of spud specialists sometimes choose a light soil suited to their fertilization and irrigation program and carrying little on its own in nutrients.

This is apt to be a family farm in the Upper Peninsula, in the sense that it is owned and operated by a family, but it is actually an industrial farm, relying heavily on machinery for cultivation, harvesting, processing and packaging.

5. Beef calf production for Midwest feedlots is being expanded on soils not suitable for more intensive cultivation. Michigan State University specialists and when someone was going downstate. Once arrived agents have helped along this new industry. U. P. farmers have been bumped like beef breeders everywhere by the market, but there is a basic opportunity here, despite price fluctuations, because Michigan and neighboring states need so many more beef calves for their feed lots than they raise themselves. The market is there if the U. P. can be competitive and specialists say that it has the natural resource needs and wants only the management skills. It takes vision and savvy to turn a tired old small dairy farm into a big beef operation and the expiring interest of the ownership isn't often up to the switch. An infusion of new enterprisers helps the process and the U. P. has benefited from such stimulation in several areas.

6. Recreational potential of some U. P. farms has become apparent and examples of fish ponds, shooting preserves and golf courses paying off are encouraging other owners to look to their own properties with a thought of such developments.

7. Maple syrup production expansion has been pointed out as a lively potential for more U. P. income. A few central evaporator plants connected with roadside sugar houses selling maple syrup and maple sugar novelties to tourists would be a welcome and profitable addition to U. P. attractions. They would give a new value to the Peninsula's huge areas of sugar maples, which can be worth more for their sap than for their sawlogs over a period of a few years.

The use of the agricultural resource of the Upper Peninsula must change to grow. The Governor's Conference pointed some bright prospects in growth, but no prospect that agriculture will soon again support the numbers it did when the Upper Peninsula outland was first settled and thousands of families lived on small farms.

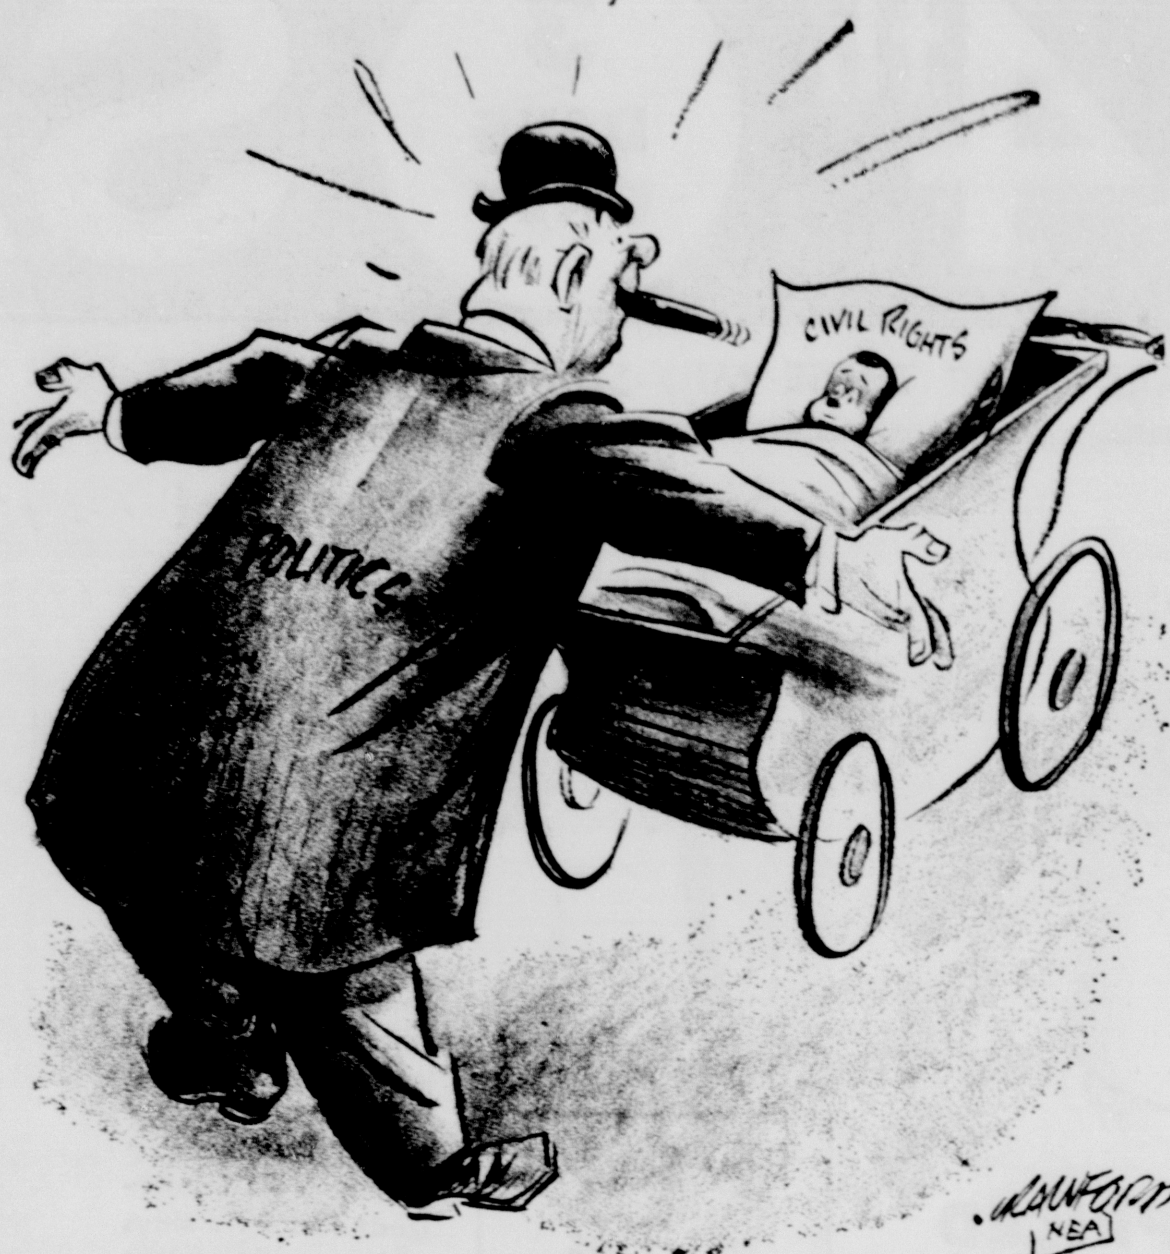

Steel Output Slowing Down

NEW YORK (AP) — The nation's steel mills, letting down gently into the midsummer slack period, slowed operations slightly again last week, marking a 5th consecutive decline.

Production dropped 1.2 per cent, the American Iron and Steel Institute reported Monday. The output of ingots and castings totaled 2,320,000 tons compared with 2,349,000 tons in the week ended May 23, and thus has slipped about 8 per cent. With a possible record year in prospect, steel company executives, far from disturbed, find encouragement in the gentle slope of the downward curve which almost surely will descend further before bottoming out in July or August.

The order picture was described as unexpectedly bright for this time of year. Business already on the books points to a strong July, after allowance for summer vacations and manufacturing interruptions, and possibly a bit of a rebound in August, ordinarily very slow. Production by districts last week in index points (1957-59 equals 100): Northeast coast 121, Buffalo district 112, Pittsburgh 116, Youngstown 119, Cleveland 140, Detroit 164, Chicago 128, Cincinnati 133, St. Louis 116, Southern 126 and Western 122.

"Baby!"

Washington Comment

By BRUCE BLOSSAT
WASHINGTON — (NEA) — Many liberal-minded lawyers usually receptive to groundbreaking decisions of the Supreme Court are troubled at its newest sweeping reapportionment ruling.

The capital's legal fraternity is buzzing with puzzled comments over the court's June 15 decision that both houses of the various state legislatures must be apportioned strictly according to population factors. It was predictable that conservative constitutional experts would disapprove of the edict, since many hold with retired Justice Felix Frankfurter that state legislative reapportionment is a thicket the high court should have avoided.

Surprising, however, are the strong indications of concern among those who generally applaud almost any court advance into new fields.

One lawyer in this category says: "There is a monumental quality of self-assurance about this decision which I find disturbing. It bears little relation to the Constitution or to the history of the United States."

This attorney says the Supreme Court evidently has been "beguiled by the kindergarten formula of 'one man, one vote.'" He sees this approach as "simple-minded" when set against the complexities of a varied, dynamic America in the 1960s.

In his view, good sense requires taking account not only of population but of geographic factors, historic boundaries and economic differences in the 50 states.

A prominent Ivy League professor of constitutional law, again a man generally in support of liberal court trends, joins the many in Washington who think the court went too far in its newest rulings. Says this expert:

"I have never seen why both houses of a legislature must be apportioned according to population alone. I am not satisfied that the 14th Amendment in its equal protection clause requires such absolute egalitarianism."

He believes the requirement of equality may be served well enough if just one house founds its apportionment on population.

In the professor's opinion, there is something to be said for a system which "fractionates" political power among various categories, rather than concentrates it in the hands of those who can muster the most numbers. Remember, this is a court liberal speaking.

What many lawyers find troubling is what they regard as a developing tendency of the Supreme Court to hand down decisions that approach "desired ends" but offer insufficient reasons to be persuasive either with judges and lawyers or with ordinary citizens.

Effective persuasion is widespread as a vital ingredient in the high court's important function of settling major controversies which might threaten a crisis in the nation's life.

Obviously, numerous constitutional liberals do not share the worry so many now are expressing over the 1964 reapportionment ruling.

Some of these liberals feel that the stir over the decision is the inevitable accompaniment of a ground-breaking process, that the court is bound to outrage many—sometimes even some of its ardent friends—when it develops new concepts.

Says one of the "undisturbed": "No matter which way the court rules in so important a case, it is subject to criticism. Of course, this ruling is jarring to many people. But time will take care of that."

Two Ensigners Will Be Camp Counselors

ENSIGN — Ensigners 4-H Club will have two of its membership serving at 4-H camps this year as counselors.

Mr. Lloyd Sundberg, club advisor, will be attending Camp Shaw at Chatham, July 10 at the LaCrosse home on Whitefish Hill. Steve has been teaching the Cubs how to tie knots in preparation for the Bear, Lion and Webelos Achievements. As a rule at each meeting some craft is taught the Cubs. For Fathers Day the boys made plastic meter coin containers to be carried in the car.

At the present the boys are preparing for the pack's campfire round-up to be held in July.

Den 3 head denner is Mark Malnar and Boy Scout chief is Steven Pyke. The Cubs meet every Wednesday morning at 10 at the LaCrosse home on Whitefish Hill. Steve has been teaching the Cubs how to tie knots in preparation for the Bear, Lion and Webelos Achievements. As a rule at each meeting some craft is taught the Cubs. Memory Lane

By J. R. LOWELL
Ten Years Ago

The annual boat race, on the Ford River from Hyde to Lake Michigan, highlight of the Ford River Lumberjack festival, held yesterday, was won by Steve Brayak, of Hyde. He made the distance in one hour and 13 minutes. Usually this race takes several hours because of many shallows enroute that make portage necessary. There was lots of water in the stream Tuesday.

Leon LaPorte, 76, for many years a resident of the Manistique area, died today following a brief illness. Mr. LaPorte for several years conducted a confectionary store in Manistique and later operated a resort at Island Lake near that city.

A stranger passing through Escanaba today tarried to have a much battered photograph repaired at a local studio. In the picture were likenesses of former heavyweight champion Jim Jeffries, Tom Sharkey, another fighter of note, Babe Ruth of Baseball fame and the stranger. The stranger was Tom Gleason, Jeffries' fight promoter and manager.

Twenty Years Ago

The Rev. Otto Steen, of Iron Mountain, moved to Escanaba today to assume charge of the First Methodist church pastorate. He succeeds the Rev. William A. Gregory, who has been transferred to Ludington. Mrs. Libby Micheau, who has served as member of the Cornell township board of education for the past 14 years, announces her retirement.

James V. Anzalone, who since 1916 has operated a barber shop at 608 Ludington St., Escanaba, died today.

Thirty Years Ago

A 100-foot steel fire tower will be erected at Flat Rock near the Holy Family church by crews of the CCC Camp on Cedar River.

County Clerk R. H. Labre, on behalf of the Delta county board of supervisors, has sent a defi to the Menominee county board, challenging them to a baseball game some time in the near future. The game is to be played at Garden and none but bona fide board members will be permitted to participate.

The Rt. Rev. Msgr. Henry A. Buchholtz, a native of Escanaba and now chancellor of the Marquette diocese in the absence of Bishop Nussbaum, has been cited for special honors by Pope Pius XI.

Chips And Splinters

Contributions To Chips Welcomed

"Way Back When" will be accented this week when the Escanaba High School Class of 1909 holds its 55th Class Reunion at the House of Ludington Wednesday. "Looking back at those horse and buggy days," Austin Stromberg, reunion chairman, said "a loaf of bread was five cents, and a peck of potatoes only a dime. A buggy or bicycle ride was exhilarating."

"When you entertained your best girl, you went to Ritchie's or Henry's livery stable and rented a rig for \$1.50 a day. The ride out to Ford River and back was at a slow and peaceful tempo over gravel roads, with no gasoline fumes or horn blowers to disturb your day-dreaming as you sang sweet nothings like "Down Neath the Old Cherry Orchard" to your girl as the horse jogged home in the moonlight."

"In 1909, William Howard Taft was our Republican President, Oliver Wendell Holmes was on the U.S. Supreme Court, Secretary of the Navy was Truman H. Newberry, of Michigan. Orville Wright flew 10 miles in 14 minutes. Postage was only 2 cents an ounce, and a special delivery stamp cost a dime."

Mayor George Rusch told Harnischfeger Corp. airlift guests here on Saturday "We're glad to have you all in Escanaba and as a matter of fact we'd be happy to host such a meeting of Harnischfeger people every weekend. Industrial development and expansion like this has always been fostered by our community. We have always cooperated with industrial expansion and when I say 'we' I mean all of our working people, as has been demonstrated by the spirit shown here."

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

Q—My husband suffers from prickly heat. He has tried salves and other remedies but they don't help him. What do you advise?

A—Prickly heat consists of red bumps or papules located chiefly on the trunk, shoulders and thighs. They occur most commonly in men who work in hot kitchens, boiler rooms or other places where excessive sweating is induced. If your husband can't change his working environment he could try a lotion containing sulfur and resorcin. This should be followed by a camphorated mentholated powder to allay itching because scratching the bumps often leads to infection.

Q—I do not sleep with my mouth open but my mouth gets so dry at night I can hardly open it in the morning. What can I do for it?

A—Dry mouth is a common complaint—largely because so many different things can cause it. Such drugs as belladonna, atropine and the rauwolfia preparations used to relieve high blood pressure and nervous tensions are causes. Even without mouthbreathing, sleeping in a poorly ventilated room in which the humidity is low is a common cause of dry mouth. Excessive smoking, deficiency of vitamin A or B and chronic rhinitis are other common causes.

Treatment involves first of all finding and removing the cause.

Q—In a recent article you told of benefits to three women from the use of the plasma expander, LMD. Is this treatment for women only?

A—Most, but not all, of the cases reported were women—pure coincidence.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters he will answer letters of general interest in future columns.

Ann Landers

Daughter Goes With 'Big Ox'

Dear Ann Landers: You think you have heard everything? Well, listen to this:

Our lovely daughter who has had two years at Smith College is now going with a big ox who wouldn't be welcome in any school if he didn't happen to be a football player. When my husband met Benny for the first time he squeezed his hand so hard my husband had to go soak his hand in a basin of hot water.

We had Benny to dinner last week. When he looked at the cornish hen placed before him he said, "I don't eat stuff like this. Could I have a peanut butter and jelly sandwich?" I asked my daughter if he was kidding. She replied, "No, all he eats is sandwiches. Knock-wurst is his favorite." With that Lucille went to the kitchen and fixed Benny a sandwich. What I want to know is this: When we invite the boy for dinner again, as I am sure we must, shall we have a sandwich ready, or serve him the same food everyone else gets? —NON-PLUSSED

Dear Non: Make no special preparation for Benny. If he asks for a sandwich again, let your daughter fix him one. It may point up to her in a dramatic way that Benny has some rather odd habits which will require special handling.

Dear Ann Landers: I just finished reading the letter from "Desperate Mother," the woman who felt that she had botched up her life so badly that her children would be better off if she killed herself.

I lived through such an experience when I was a child. Please print my letter in the hope that this mother will see it and change her way of thinking.

My father was a severe alcoholic. He tried to dry out several times and succeeded for as long as six months. One day, after he had fallen off the wagon and was in depths of despair, he came home and

SQURE PEG

Dear Peg: It is not. If you'd rather read, you should be allowed to with no needling from the vidiot section.

Do you lack self-confidence... have trouble making friends? If so, send for ANN LANDERS' booklet, "How To Be Well-Liked," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Dr. Savard Buys Dental Practice Of Dr. Vezina

An Escanaba dentist, Dr. Paul D. Vezina, is leaving soon for California and his equipment is being purchased by Dr. William H. Savard, Escanaba native, who will establish his first practice here.

Dr. Savard, the son of Mr. and Mrs. Arthur Gagnier of 613 S. 16th St., will take over Dr. Vezina's office at 1105 1/2 Ludington St. beginning Wednesday.

He is a graduate of Escanaba High School, Class of 1954, received his Bachelor of Science degree at Northern Michigan University in 1959, and his Doctor of Dental Surgery degree at the University of Detroit this spring.

Dr. and Mrs. Savard have four children. She is the former Arlene Sparapani, daughter of the Michael Sparapani of Wells.

Dr. Vezina will be in the office with Dr. Savard for a period of two or three weeks to assist him and to make introductions in adjustment to the practice. The Vezinas, including their three children, reside at Portage Point and will leave for Ventura, Calif., in about a month.

They have lived in Escanaba for the past six years and Dr. Vezina said the decision to remove to California was not an easy one. The family has been most happy in its associations here, he said.

He is a member of the Rotary Club of Escanaba, of the Chamber of Commerce and of the Escanaba Jaycees and has filled every office in the Delta County Dental Society. He has been secretary-treasurer of the five-county Cloverland District Dental Society for the past two years.

Dr. William H. Savard

Briefly Told

North Star Lodge will meet Thursday, July 2, at 7:30 p.m. at the Odd Fellows Hall.

Escanaba police have issued a traffic court summons to John R. Fisher, 506 Mounted Route, Escanaba, for failing to stop in the assured clear distance.

Social

Eagles Auxiliary

The Eagles Auxiliary will meet Wednesday at 8:30 p.m. in the club rooms. Reports will be given by delegates who attended the state convention at Gaylord.

"I ADMIRE your spunkiness," Gov. George Romney told Mrs. Fred Lorenz, 60-year-old Germfask grandmother, when they met at Iron Mountain on Saturday where the Governor was addressing a meeting of Upper Peninsula Republican party workers. Mrs. Lorenz had been released from the Schoolcraft County jail when friends paid her \$50 fine for pointing a rifle at a road crew removing a gas station sign at the Lorenz family's store on M-77. She refused to pay the fine or let her husband pay it, choosing to serve a jail term to dramatize her belief that the state is wrong in its highway sign removal policy. Charles Varnum of Manistique is in center. (Iron Mountain News Photo)

Forest Service Posts Policy On Highway Signs

The State Highway Department and Federal Bureau of Roads are not alone in their campaign to remove signs from highways.

The U.S. Forest Service is also in the campaign and the Delta County Highway Department is involved to a degree, in a reluctant and dissenting manner.

The Forest Service is engaged in issuing permits for signs in the Hiawatha Forest, which stretches from Escanaba to Sault Ste. Marie and has encountered some opposition, most notably along Forest Highway 13 in Delta and Alger counties.

The Forest Service says that it permits directional signs on the highway right-of-way itself where it maintains the highway, but that where other government agencies maintain the highway it must be guided by their rules and in some cases must move the signs off the highway and into the bordering forest land.

This, it says, is the case with Forest Highway 13.

Not so, replies William J. Karas, Delta County Highway Commission engineer-superintendent, whose department maintains the Delta end of Forest Highway 13. This highway was built by the state and Forest Service 50-50 but they didn't turn over the right-of-

way to Delta County when charging it with maintenance of the highway, said Karas.

County Not In Control

The result, he says, is that the county must obtain permission to remove even a dangerous tree from the right-of-way.

The Forest Service said it's policy to permit signs on its forest lands which will provide adequate information to the public with least possible disturbance of the environment along the road and with no interference with highway safety and operation.

The Hiawatha Forest is implementing this policy by placing signs on national forest lands under special use permit. The annual permit costs \$5. The fee is for one sign and each additional sign costs \$1 under the same permit. There's no limit on the number of signs needed to guide traffic, but effort is made to restrict signing to one route.

Intersection Signs

The Hiawatha Forest permits rustic directional signs on national forest lands with a headboard carrying the name of the lake or other natural feature identifying the area; a slat listing the accommodations and service to be found in the area, and a slat sign for each resort, a directional arrow and

a number to indicate the mileage from the sign to the resort.

This type of sign will be placed at all intersections on national forest land where resorts and related business need signing. Directional signs along numerous routes to one establishment won't be permitted.

Concurrence of the agency responsible for road maintenance is required for signs within the right-of-way—either the state or county. The Forest Service is responsible for road maintenance on some roads and no concurrence is needed in such cases. Signs may be placed on national forest land outside any road right-of-way if they comply with national forest signing policy and are covered by a special use permit.

The Delta County Road Commission recently sent letters to persons along Forest Highway 13 explaining the situation and enclosing copies of letters to it by the State Highway Department and by the Federal Bureau of Roads to the State Highway Department giving notice that where commercial signs remain on highway right-of-way federal highway aid funds will be withheld.

Karas said that these funds amount to \$63,000 a year income to the Delta County Road Commission. He said that the forest character of the Upper Peninsula greatly complicates the highway signing program; that the trees are a prime attraction of the Upper Peninsula for visitors, but they make off-the-highway signing difficult or impossible in many places.

City Preparing For Cold Weather - Next Winter

Although the weather has been unseasonably warm the past few days, the City of Escanaba is looking ahead to next winter's cold weather and the need for fuel to operate the central steam heating plant.

The City Council will open bids for 4,500 to 5,500 tons of bituminous coal for the steam plant at its meeting to be held at 8 p.m. Thursday at the City Hall. Also to be opened are bids to supply the city with fire and public liability insurance on vehicular equipment.

Mayor George Rusch on behalf of the Council and the people of Escanaba will present a watch to Clarence Cody, retiring city employee. Cody has served the city for 22 years in the public works department.

Other business to come before the Council will include: First reading of an amendment to the Civil Service ordinance; request of the Theison-Clemens Oil Co. to break the curb for a driveway at 1401 Ludington St.; and adoption of a resolution in support of naming a Delta County Library Board.

Obituary

MRS. FRANK DEVET

Friends of the family of Mrs. Frank (Anna May) DeVet may call at the Messier-Broulliere Funeral Home in Garden after 2 p.m. today. Parish prayers will be recited there at 8 this evening and Knights of Columbus of Manistique will recite the rosary at the chapel at 9. Services will be held at St. John the Baptist Church, Garden, Wednesday at 10 a.m. Burial will be in New Garden Cemetery.

Indians are not obliged to stay on reservations, but they usually prefer to stay because the reserved land is tax free.

Mrs. Finlan, 27, Fatally Injured In Car Accident

Mrs. William J. Finlan, of the Chemical Plant Location, 27-year-old mother of four small children was fatally injured Monday when the van-type car she was driving rolled over at 6:05 p.m. about one mile south of the Delta-Menominee County line on M-35.

Five passengers in the Finlan car were also injured when, according to the Stephenson State Police, the car ran off the road onto the gravel shoulder and then into the ditch. Mrs. Finlan was able to negotiate the car back on the shoulder but when she attempted to get back on the pavement the wheels struck the edge of the pavement and rolled over. The car came to rest on the opposite lane of the road and all six persons were thrown from the car.

The Finlans were returning from Alma, Wis., where they visited with Mrs. Finlan's parents.

An ambulance and two passers-by, Ernie Rudolph and Bernice Ammel of Escanaba, transported the injured to St. Francis Hospital where Mrs. Finlan died at 10:20 p.m. This was Menominee County's first fatal accident and Delta County's fourth victim this year.

The four Finlan children and Mrs. Finlan's sister-in-law, Carol, 13, are all in St. Francis Hospital with head injuries. James, who is one year old, was the most severely injured with a skull fracture and is listed in poor condition; Carol also received a skull fracture and is in fair condition today; William Jr., five, and Nancy, three are in fair condition with severe head injuries; Colleen, four, was taken to the hospital for observation and is in good condition.

Mrs. William J. Finlan

Mrs. Finlan taught third grade at the Wells Central School last year, her husband is also a teacher at the Escanaba Area High School.

The former Donna Timm was born Aug. 3, 1939 in Red Wing, Minn. and moved with her family to Alma, Wis. She graduated from Alma High School and received her degree in elementary education from Wisconsin State College in River Falls, Wis.

Her marriage to William Finlan took place Sept. 7, 1957 in Alma. She was a member of St. Anthony's Church in Wells, St. Anthony's Women's Guild and

Daggett Honors Dr. Heidenreich

A recognition dinner honoring Dr. John R. Heidenreich of Daggett for 25 years' service to the community, will be held Wednesday of this week in the Daggett Elementary School. Serving will be at 6:30 o'clock and a program will follow.

Tickets may be obtained at the Bank of Stephenson, La-Comb's barbershop, Patterson Mercantile, Peterson's IGA in Carney and Trombley's Superette in Nadeau.

the Michigan Education Assn.

Besides her four children she is survived by her husband, William; her parents, Mr. and Mrs. Earl Timm of Alma; and one brother, Patrick, also of Alma.

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. Thursday. Parish prayers will be said at 8 p.m. Thursday. Funeral services will be conducted at St. Anthony's Church Friday at 9 a.m. with Rev. Norbert Freiberger officiating. Burial will be in Holy Cross Cemetery.

Drew To Leave For Houghton

Robert Drew, educational consultant for the Michigan Department of Mental Health for the past seven years, has accepted a position as a Branch Clinic Supervisor with the Rice Memorial Clinic, Houghton, a branch of the Upper Peninsula Child Guidance Clinic, effective July 1.

Drew received his Bachelor's degree from Northwestern University in 1941, and his Master's from the University of Michigan School of Social Work in 1952. He has spent 11 years in Escanaba, from 1952 to 1956 as a child welfare consultant before going to Detroit where he was associated for one year with the Methodist Child Home Society. The past seven years he has had an office in the State Office Building as education consultant.

Drew, the son of Mr. and Mrs. Fred Drew, Lake Linden, Mich., graduated from Lake Linden High School in 1935. His wife is the former June Kemp of Hubble, Mich. They have four children, Carol 16, Jim 13, Janice 12 and John 5, attending Escanaba area public schools.

Drew is a member of the Escanaba Committee on Aging, the official board of the First Methodist Church, and of the Delta Council of Community Services, of which he's a past president, and currently a member of the board of directors. He is also a member of the Delta County Association for Retarded Children, a former president of the U.P. Chapter on Family Relations and a present member of the National Chapter.

Buy and sell the classified way.

A NEW telephone available for home use in Michigan is the card dialer, which can automatically dial calls for you. Phone calls can be placed easily and efficiently by inserting a coded plastic card and pushing a start bar. The unit was developed after other automatic dialers were widely accepted by business customers.

Advisor Training Tests Will Be Given Wednesday

Youth counselling tests for training as advisors in the nation-wide program against youth unemployment will be given again Wednesday at 6:30 p.m. at the local office of the Michigan Employment Security Commission, 305 Ludington St., according to James Damitz, manager.

The tests were given Saturday and are being offered again for those interested persons who were unable to attend. The test takes approximately three hours. Those wishing to take the test are asked to contact the employment office, ST 6-6841, before Wednesday in order to get an application form.

In Service

Captain Robert S. Myrsten, son of Mr. and Mrs. Frederick B. Myrsten of Rte. 1, Bark River, participated in Exercise Ligas, a combined amphibious-airborne training operation recently completed in the Philippines by forces of Southeast Asia Treaty Organization countries.

Captain Myrsten is assistant director of personnel at Thirtieth Air Force headquarters at Clark AB, Philippines.

The captain is a graduate of Escanaba Senior High School. He received his B.A. degree in journalism from Michigan State University, and attended the College of William and Mary, Williamsburg, Va. and Northwestern University, Chicago.

He received his commission in 1954 upon completion of the Air Force Reserve Officer Training Corps program. His wife, Antonette, is the daughter of Mrs. Frank M. Tuccori of 1320 Victoria Blvd., Hampton, Va.

Daniel Duncan, 18, son of Mrs. Beatrice Duncan of Rapid River, enters Ship's Work Week, the third phase of recruit training as part of the '64 Milwaukee Braves Recruit Company on June 25.

During Ship's Work Week, or service week as it is popularly called, the men will receive a taste of actual shipboard life.

Upon completion of service week the Braves Company will enter into the advanced phase of training which is the "home stretch" of recruit training.

Duncan is a graduate of Rapid River High School.

Cadet Gidian W. Leihart, son of Mr. and Mrs. G. W. Leihart of Daggett, has been accepted for the advanced corps of the Air Force Reserve Officer Training Corps program at Michigan State University. A 1962 graduate of Stephenson High School, he is studying architectural-landscaping at the university.

Cadet Donald D. McNeely, son of Mr. and Mrs. Donald L. McNeely of Powers, has been accepted in the advanced corps of the Air Force Reserve Officer Training Corps program at Michigan State University. A 1962 graduate of Powers-Spaulding High School, he is a junior studying toward a degree in accounting at the university.

Methodist Boys At Work Session

The First Methodist Church will send 5 boys to the Michigan Institute work camp. Each year a group of Methodist Youth from the Upper Peninsula attend a 3 day session work camp at Michigan Institute.

They get the camp ready for the Summer camping schedule by cleaning the cabins, cleaning out the underbrush, spraying and other necessary repairs.

Attending this year for First Methodist are Barry Ness, David Ness, Gene Peterson, Dick Dubord and Tony Cody.

Ducks Galore Across Portage

The annual brood survey of ducks in Portage marsh showed the best count since the survey was started, says Joseph Vogt, Conservation Department game biologist.

He counted 51 broods in a walk of a mile and three quarters in an area where he counted only 20 last year.

"They were mostly blue wing teal, mallards, blacks, and pintails," said Vogt. "I also saw one shoveler brood. I saw 24 broods at one time on open water so it was impossible to count such masses."

"I found good use of the pools that we made in the marsh by bulldozing last year. And I was able to check some of the millet that I planted 10 days ago along Portage Creek and beside some of the pools. It seemed to be coming up well."

"The marsh is filled with spawning carp."

Water Use Is Near Peak In Escanaba

Nearly four million gallons of water, which is near the peak of past years, was pumped in Escanaba by the city water utility on Sunday, Francis D'Amour, water superintendent, reported today.

"The peak is up to 4½ million gallons a day," he said. "Last year the peak occurred in June also."

There is no water shortage or lack of water capacity in Escanaba, the water utility superintendent pointed out. People can use all they wish for lawns or gardens without thought of rationing or confining the use to certain hours.

The near-peak use of water here is caused by the lack of rainfall, which is far below seasonal average. The dry weather has stunted lawns and gardens and required much sprinkling to keep them from burning up with the heat.

Escanaba High Class Of '54 Reunion July 4

Escanaba Senior High School, class of 1954, will hold their 10 year class reunion, July 4. Class members, along with husbands and wives, will have a get-together Friday, July 3, at the Bowlerama, starting at 9 p.m. The banquet will be held at the Deils Supper Club July 4 with a cocktail hour from 6:30 to 7:30, followed by a dinner program and dancing.

There are reservations for members in Wisconsin, Illinois, Michigan, Tennessee, and California. A final committee meeting will be held Wednesday, July 1, at 1908 S. 8th Ave.

Women Voters Book Sale Will Begin In July

The Escanaba League of Women Voters Annual Book Sale will open July 10 at 12th and Ludington streets in the former Amundsen and Pearson Building. The sale will be held on Wednesdays, Fridays and Saturdays in July, and on Sidewalk Day. The proceeds of the sale help to finance the work of the League in bringing information on issues and candidates to the voters of Escanaba.

League members ask that anyone having books to donate to the sale bring them to 1123 Ludington street any afternoon this week. For any information, call Mrs. Norman Lindquist, ST 6-1371, Mrs. Victor Powers, ST 6-2795, or contact any League member.

Zip Code Works

WASHINGTON (AP) — Postal officials say they are happy with the progress of the zip code, launched a year ago Wednesday.

Some 45,000 large - volume mailers have agreed to zip code their mail and pre-sort it to speed handling. Large - volume mail accounts for 75 per cent of first-class mail.

Weekly Owner Is War 2 Hero

DETROIT (AP)—Ben Kuroki will be honored Friday, 20 years after he earned his birthright hard way.

The tribute will come from other Niseis at the 18th biennial convention of the Japanese American Citizens League in Detroit.

While 110,000 Japanese Americans were being interned on the West Coast during World War II, Kuroki enlisted in the U. S. Army Air Force.

He faced suspicion of comrades. His parents in Gothenburg, Neb., were victims of unfortunate propaganda designed to build American morale against Japan. He said one of his brothers was discharged from the Air Force because he was of Japanese extraction.

"It's hard to remember the atmosphere then," said Kuroki. "People were gripped by wartime hysteria. Propaganda whipped them up. There were cartoons on street corners of buck-toothed Japanese soldiers—the enemy."

Kuroki served as a gunner in the European Theater. He flew 25 combat missions, then volunteered for five more including a near disastrous air raid on the

Romanian oil fields at Ploesti. He was decorated for valor after the raid and volunteered for duty in the Pacific. This assignment had to be cleared by Secretary of War Henry L. Stimson because of Kuroki's ancestry.

Kuroki went on to fly 28 missions in the Pacific, including bombing raids on Tokyo and Yokohama.

His medals included the Distinguished Flying Cross and Air Medal with five oak leaf clusters.

Now owner and publisher of the weekly Williamston Enterprise, and the Meridian News which he purchased in 1955, Kuroki lives with his wife, Shige, and three "society editor" daughters in Williamston, a community of 2,200 some 15 miles east of Lansing.

More people get more news from newspapers than from all other sources combined.

Daniel Kearney Named President Of Law Class

Daniel P. Kearney, 25, has been elected president of the senior class at the University of Chicago Law School.

Kearney is the son of Mr. and Mrs. Edward P. Kearney of 728 Henford Avenue in Kingsford.

He received a majority against three opponents on the first ballot, thus becoming the first student in fourteen years to win the presidency without a run-off.

During summer vacations, Kearney has worked as an announcer for radio station WMIQ in Iron Mountain and radio station WLST in Escanaba. This summer he is serving as a law clerk in a Chicago law firm.

Study Of Low Water Urged

TORONTO (AP)—Officials of two Canadian provinces and eight American states affected by the low water level of the Great Lakes decided Monday to call on their respective federal governments to launch immediately a special and comprehensive study of the problem.

The Canadian and U.S. governments will be asked to have the study of the whole area of water management undertaken by the International Joint Commission, which has jurisdiction over border waters.

The one-day conference, called by the Ontario government because of the current acute concern over the low water, also indicated it will meet again later to hear to progress report.

A statement issued after the meeting said, too, that the two provinces involved—Ontario and Quebec—offered to cooperate fully with the Great Lakes Commission, made up of representatives of the eight lake-bordering U.S. states in attendance at the meeting.

Gov. Otto Kerner of Illinois told newsmen he intends to call on President Johnson and suggest that a federal appropriation be made for a study of the problem.

Kerner said more water must be diverted into the Great Lakes and it appeared it would have to be Canadian water not being otherwise used.

Indiana Gov. Matthew E. Welch said "I think the federal governments will become interested when there is sufficient interest generated at the local level." The support of the state and provincial governments is needed, he added.

The other U.S. states represented were Michigan, Minnesota, New York, Ohio, Pennsylvania and Wisconsin.

Flint Man Gets 10-25 Years In Tavern Holdup

GRAND RAPIDS (AP)—A prison term of 10 to 25 years was ordered here Monday by Superior Court Judge Claude Vanderploeg for Thomas R. Blower, 40, of Flint on an armed robbery charge.

Blower, an ex-convict also known as Thomas Bradshaw, pleaded guilty of taking part in a \$304 holdup of a tavern here with a companion who was shot to death May 26 in a gun battle with police. Dead after the gunfight in which his weapon jammed was James E. Lilly, 40, also of Flint.

Farmers Market Opens At 4 P.M. On Wednesday

The Escanaba Farmers Market will be open on Wednesday from 4 p.m. to dark. City Clerk Don Guindon reminded marketers and shoppers today.

Saturday the market will be open at the usual hours. The Farmers Market is located at 1st Ave. N. and 9th St. and farmers will have for sale strawberries and other early season fruits and vegetables. Home made bread and rolls are also offered for sale there.

The Market is one of the community's unique institutions, dating back some 40 or more years. The Market has been at several locations through the years and is now established on city property.

Oswald Killing Was Deliberate, Says Jack Ruby

DALLAS, Tex. (AP)—The Dallas News in a copyright story quoted Jack Ruby as saying he deliberately planned to kill Lee Harvey Oswald "to spare Mrs. (John F.) Kennedy the anguish of returning to the city where her husband died."

The News attributed its information to an informed source that said Ruby considered himself a "human sacrifice" in order to kill Oswald, accused of assassinating President Kennedy Nov. 22.

The source said the statements were made during a 34-hour interview with Chief Justice Earl Warren June 7.

Ruby was quoted as saying he first thought about killing Oswald upon reading an emotional letter to Caroline Kennedy in a newspaper Nov. 23. On the same page was a report that prosecutors might ask Mrs. Kennedy to testify at Oswald's trial.

Ruby said he no longer cares what happens to him. He said, however, that he objected to the insanity plea entered by Melvin Belli, chief defense attorney at his trial. He said he wanted to testify but Belli told him prosecutors would "cut you to pieces" and show premeditation.

Budget Rules Teacher Hiring

Active Citizens for Education meeting at the John Lemmer School Monday evening were told in review of the Escanaba Area School District budget for 1964-65 that quality of instruction is a prime reason for adequate support of public schools.

The Escanaba Area Schools' present pay scale made it impossible for the board to interest the top half of teaching graduates in even Upper Peninsula universities, ACE was told.

The educational system is the community's fourth largest industry and almost all of its money is spent locally, Mrs. Donald Fitch told the assembly.

At present Escanaba Area High School has only conditional accreditation by the North Central Association. Extra counselors are needed for full accreditation. If the school loses this approval, said Mrs. Fitch, it will be considerably harder for Escanaba Area high school graduates to get into colleges and universities because they will have to take entrance exams which are waived for students of accredited schools.

Clarence Zerbabel, business manager of the Escanaba Area Schools, said that a 64 city survey made by the Traverse City assessor revealed that Escanaba citizens are paying less than are citizens of 43 of the 64 cities in county and city taxes and that they are paying less than 53 of the 64 cities for education.

Zerbabel corrected an earlier report to ACE about the condition of the Jefferson School, where it met recently. John Bartel, superintendent of buildings and grounds for the school district, said that both the Jefferson and Washington Schools are structurally sound. It had been reported to ACE that only 20 persons were permitted in upstairs rooms because of the condition of the building.

The Sylvan Point inquiry about school buses was reported. An ACE study committee heard the problems of residents of the area, explain that the Escanaba Area School District's formula does not provide bus service within the city, and explored private means of providing transportation of children to public schools.

Mrs. Leonard Olson reported that the finance goal of ACE for the Sept. 1 election campaign is \$300. Pat McDonough presented posters for the campaign, Louis Diehrich reported progress in organization of block captains. The next meeting was set for Ford River School at 7:30 p. m. Monday, July 13.

LS&I Derailed Near Lawson

Five cars and the engine of a Lake Superior & Ishpeming Railroad Co. freight train were derailed Monday morning near an overpass of South U.S. 41, in Skandia Township.

LS&I officials said the mishap occurred at 7, as the train was approaching the overhead railroad crossing of U.S. 41, west of Lawson and a mile south of the M-94 junction.

Although the engine and five cars were derailed, the train stopped quickly and the remaining cars, including six cars and a caboose, did not leave the track, officials said.

The train was the LS&I No. 2 unit, which operates daily except Sunday between the Chicago & North Western Railway Co. connection at Little Lake and Munising.

State Highway Attorney Resigns

LANSING (AP)—Veteran state attorney Victor Meier announced Monday he will retire July 18, after 25 years of state service.

There has been speculation that Meier, an assistant attorney general assigned to the State Highway Department, will run for the State Senate this year. He lives in nearby Williamston.

Ernest Pearce Dies Today, 78

Ernest L. Pearce, 78, Upper Peninsula leader in banking and civic affairs died suddenly this morning in his Marquette home.

The long time president of the Union National Bank of Marquette had been serving as the chairman of its board of directors following his retirement from the presidency and the election of his son, Robert Pearce, as president of the bank.

The body is at the Swanson Funeral Home in Marquette and funeral services are planned for 1:30 p. m. Friday in the First Methodist Church there.

Mr. Pearce started working at 14 so his formal education was cut off early but he devoted a busy life to educational pursuits and had the distinction of receiving his high school diploma at Marquette High School after attending adult education classes at night in 1961. He was honored by Northern Michigan University in 1962 with an honorary degree of Doctor of Laws for dynamic leadership in the financial, business and civic affairs in Marquette County.

He began his working career in the employment of the engineering department of Lake Shore Inc., in 1910 and within 10 years was plant manager. In 1915 he became a director of what is now the Union National Bank and later became executive vice president and then president.

He had been director of Lake Shore Inc., of Iron Mountain and Marquette, of the First National Bank of Munising, of the Lake Superior & Ishpeming Railroad, and of the Upper Peninsula Power Co.

He was elected to the first city commission in Marquette, was a leader of Bay Cliff

Boom In Steel Production Told By Inland Head

MANISTIQUE — "It is good to be able to appraise the performance of the steel industry at this time for the record is even better than the optimistic forecast we made six months ago," says Joseph L. Block, chairman of Inland Steel Co. "Then we estimated a first half ingot production of 55 million tons; the actual output exceeded 61 million tons. This is 2 million tons better than in the first six months of 1963 at which time inventories were being accumulated in fear of a possible strike, a factor which does not affect the current scene.

We are impressed with the remarkable coincidence of so many favorable developments lately and, like most observers, can see no near-term slowdown in the overall tempo of economic activity. Indeed, we believe that the full impact of the tax cut on both consumer and business spending is still to be felt and this, of course, will benefit the steel business.

"In terms of specific markets, construction offers the most encouragement. The auto to native industry also seems confident of a new record in 1964 for combined auto and truck production. With such favorable market prospects, steel ingot production should total at least 56 million tons in the second half of 1964. This is substantially above the 50 million tons produced in the second half of 1963."

Govt. Phones In Escanaba Added To U.S. System

Telephone service for U.S. Government civilian agencies in nine Michigan cities will be added to the Federal Telecommunications System on July 6.

Connected to the vast nationwide private communications network will be government agencies in Ann Arbor, Battle Creek, Escanaba, Flint, Jackson, Kalamazoo, Lansing, Muskegon, and Saginaw.

Michigan Bell Telephone Co. as part of the Bell System, is working with the General Services Administration (GSA) to establish what will become in 1965 the world's largest private leased telephone system. When completed, the GSA notes the system will provide improved, more economical communications for 8,000 civil agency offices in 1,750 cities across the nation.

As part of the major service improvement project, telephones for 65 agencies in 20 locations in Detroit were integrated in a single system in February, 1963.

GSA said the nationwide system will result in substantial annual savings to the Federal Government. The nationwide facility is capable of transmitting data and is compatible with the military network. The network can be expanded in emergencies.

Flint Residents In Plane Crash; Wife, 45, Killed

CRAWFORDSVILLE, Ind. (AP)—A light plane circling a farmhouse to signal a friend to pick up the two occupants crashed Monday night, killing a Flint, Mich., woman and critically injuring her husband.

Killed when the single-engine plane crashed into a soybean field was Mrs. Irene Dryer, 45. The pilot, Robert Vernon Dryer, 47, was taken to a hospital here, then transferred to Long Hospital, Indianapolis. Physicians said he suffered multiple fractures, head and jaw injuries and numerous cuts about the body.

Garden Peninsula

Mr. and Mrs. Robert Tallman and three children arrived Wednesday night from Martinez, Calif., and are visiting with Mr. and Mrs. Gordon McPhee. At the McPhee home to greet the Tallmans Wednesday night were Mr. and Mrs. Percy Reno, Gladstone and Mr. and Mrs. Merton Reno, Manistique. Mrs. Tallman is the former Jacqueline Reno.

Mr. and Mrs. Kenneth Bare and family who have been visiting relatives in Garden and Manistique left Saturday for their home in Paw Paw.

Mrs. A. J. Durham and sons, Roger and Reginald left Thursday for Ironwood after spending several days at their summer home.

Register Now For Primary Election Voters Advised

Citizens have until Aug. 3 to register for the primary election to be held Sept. 1, Escanaba City Clerk Don Guindon said today.

Those voters who are not now registered should do so at the office of the city clerk in the City Hall basement. Among those who should register are persons who will reach the age of 21 before the Sept. 1 election.

Escanaba voters who have moved from one part of the city to another—in fact those who have any change of address since the last election—are asked to telephone the office of the City Clerk, ST 6-1194.

Fall Kills Baby On Ferris Wheel; Parents Injured

HUNTINGTON, N.Y. (AP)—A ferris wheel accident has taken the life of a 2-year-old girl.

The child, Deborah Shaw, died Monday nearly 24 hours after plunging 60 feet to asphalt pavement. Her parents, Mr. and Mrs. Robert Shaw of Commack, N.Y., who fell into another seat on the wheel, were in serious condition.

Police said the Shaws' seat apparently tipped over when it jammed and did not swing freely.

Second Swedish Princess Wedded

GAERDSLOES, Sweden (AP)—Princess Margaretha, 30, of Sweden was married to British businessman John Ambler, 40, today on the Baltic isle of Oeland.

It was Sweden's second royal wedding this month. Princess Desiree, a younger sister of Margaretha, was married June 5 to Baron Nicolas Silfverschild. Margaretha's marriage left only one of the four Swedish princesses unmarried—Christine, 20, who recently returned from a year at Radcliffe College in the United States.

Plaque Dedicated To J. F. Kennedy

PHILADELPHIA (AP)—Mrs. Joseph P. Kennedy helped dedicate a memorial plaque at Independence Hall Monday in honor of her son, the late President John F. Kennedy.

Mrs. Kennedy, 73, told an estimated 8,000 persons the late president would have been pleased "to know he is being honored here."

Kennedy spoke at Independence Hall July 4, 1962, on the independence of nations. The plaque, set in the pavement in front of the historic building, commemorates that visit.

Better License Tags Promised

LANSING (AP)—The state has manufactured inferior auto license plates in use since 1961, an official said, while indicating the situation will be corrected this fall with new plates.

Frank Sierawski, assistant secretary of state, said "the state put on the market an inferior license plate." He claimed it was impossible to blame any single factor.

Sierawski said, however, the metal will be of better quality for 1965 plates and a change in paint color will help prevent deterioration.

The 1965 models will be zinc-coated galvanized cold-rolled carbon steel, said Sierawski, an improvement over the present plates and expected to have a longer life.

He said the color scheme would have maize numerals on a blue background instead of the green on white at present.

The state now is replacing license plates for \$1 per set when the owner produces old plates which have deteriorated. The charge formerly was \$2 per set.

Red Guerrillas Down Another U.S. Helicopter

SAIGON, South Viet Nam (AP)—Communist guerrillas shot down a U.S. Army helicopter in South Viet Nam's northern mountains today killing an American pilot and his U.S. gunner.

It was the third American helicopter crash in the past five days with a total loss of eight Americans.

The crash brought the toll of U.S. dead in Viet Nam up to 244—148 of these killed in action against Communists.

An American spokesman said the helicopter was hit 35 miles south of Da Nang while on a supply mission.

Oil Rig Blast Toll Four Dead And 13 Missing

MORGAN CITY, La. (AP)—An explosion and fire roared through a floating oil rig in pre-dawn darkness today, plunging the multi-million dollar apparatus into the depths of the Gulf of Mexico. At least four persons were killed.

Another 13 persons or more were missing.

Twenty-five survivors were brought to Lakewood Hospital here. Some were burned but a hospital spokesman said all were in satisfactory condition.

The dead were not immediately identified.

Helicopters ferried the survivors to this coastal fishing town about 70 air miles west of New Orleans.

The rig sank in 180 feet of water, about 15 minutes after the explosion and wind-whipped flames blanketed the vessel.

Some of the first survivors to arrive at Lakewood Hospital here were unconscious. Others were able to walk away from the rescue helicopters.

Seven Drowned In State Monday

By The Associated Press
At least seven persons drowned in Michigan Monday as hot, humid weather caused most of the state sent thousands to lakes and streams in search of relief.

The deaths brought to 20 the number of drownings in Michigan since Friday.

Pari-Mutuel Wednesday At Country Club

The Women's Golf League of Escanaba Country Club will have a pari-mutuel and a dinner Wednesday.

Golf will begin at 1 p. m. and the dinner at the clubhouse is scheduled for 6. Dinner reservations must be made today.

The committee for the day is Harriet Fitzharris, Ruth Owen, Jeanette Manning, Karen Tochterman, Betty Anderson and Nona Lehoullier.

Church Events

Christian Science Society
Modern man's need for a new and greater understanding of Deity will be explored at Christian Science churches, Sunday, in a Bible Lesson-Sermon entitled "God."

"It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony" — this is one of the references which will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 390).

The Golden Text is from Habakkuk: "The earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea."

Perronville Picnic July 12

PERRONVILLE — St. Michael parish of Perronville will hold its annual picnic Sunday, July 12, on the church grounds.

Featured will be a chicken dinner and a beef supper with home made apple pie dessert. Games of many kinds will be played and refreshments will be served on the grounds. A feature for the children will be pony rides. Polka music will be played throughout the day. The public is invited.

Women's Activities

Central WSCS Regular Meeting Thursday Night

The Women's Society of Christian Service of Central Methodist Church will hold its regular monthly meeting in the church parlors Thursday, July 2, beginning at 2:30.

After the opening worship service and business meeting, the Rev. Robert Selberg will tell about the Detroit Annual Conference of the Methodist Church which was held recently in the facilities of Adrian College, Adrian. The Detroit Conference includes the east half of Lower Michigan and all of the Upper Peninsula.

The hostesses for the meeting will be the Mesdames Norman Swanson, Kenneth Swanson, Clarence Carlson and Marvin Anderson. Members and friends are welcome to these monthly meetings.

Nahma

Mrs. Louella Weberg and Peter and Robert of Milwaukee have been visiting at the home of her mother, Mrs. Albert Mercier Sr.

Members of the John Hornus family of St. Joseph are at the Lester LaBumbarb home.

Margaret Sargent has been admitted to St. Francis Hospital as a medical patient.

Visiting at the Ed Sheedlo home are Mr. and Mrs. Kenneth Sheedlo and family of Detroit. Ivan Sheedlo, also of Detroit, is visiting his brother, Louis, Isabella Road.

Paul Thibault of Saline is spending his vacation with his parents, Mr. and Mrs. Victor Thibault.

Mrs. Joe Sefcik and Joan returned from a visit with the William Sefcik family in Detroit and the Larry Kleins of Fowler.

St. Stephen's Parish Honors Rev. Helmer

The Rev. Ben Helmer, rector of St. Stephen's Episcopal Church, and Mrs. Helmer, were honored by members of the parish at an appreciation reception, held Saturday evening in Guild Hall.

The tea table was graced with a beautiful arrangement of silver candelabra, heirloom treasure of Mrs. Edward Hurley, and summer flowers in varied shades. Mrs. Eric Froberg and Mrs. Mauritz Rosenquist poured and Mrs. George Rusch presided at the punch table.

The affair was held on the rector's birthday and the traditional birthday cake also was a feature of the tea table.

James H. Kent, junior warden, presented the rector with a watch, a gift of the members of St. Stephen's and Mrs. Helmer was presented with a lovely corsage. Colored movies of the festive affair were taken by Mrs. Fred Hoyler.

Arrangements for the reception were made by Mrs. Hurley and Mrs. Joseph Sposta.

Mr. and Mrs. Helmer with their family, Ben Jr., John and Ann, came to Escanaba from Negaunee Jan. 1, 1960. Both have been outstanding leaders, not only in parish activities but in varied affairs in the community.

Wells

Mr. and Mrs. Francis Lynch of Wells have returned home after spending the weekend visiting with the James Johnson family in Milwaukee. The Johnsons, who are former residents of Escanaba, now reside at 1560 W. Becher St. in Milwaukee. Mrs. Johnson, the former Ora Lee Thompson, is a daughter of Mrs. Lynch.

Rev. Ben Helmer

Trenary

Mr. and Mrs. George Nickel and children of Madison, Wis., have returned home after visiting Mr. and Mrs. Henry Nickel of Traunik. While they were here George Jr. had emergency appendix surgery at St. Luke's Hospital, Marquette.

Aaron Powell, French Guiana, has been visiting his brother-in-law and sister, Mr. and Mrs. Andrew Rodgers Sr. Mr. Powell is Captain of a shrimp boat and has been in French Guiana five years. He will soon return there for another year.

Mr. and Mrs. Peter Covitz and son, Bill, Dearborn, Mr. and Mrs. Myron Cunningham and Mr. and Mrs. Anthony Kopus and daughter of Traverse City were guests at the Walter Cunningham home.

Mr. and Mrs. George Feder-spiel, Saginaw, spent the weekend with Mr. and Mrs. Carl Aho.

Now Citizen

Mrs. Helen Anderson, a native of Poland, was granted United States citizenship by Judge George S. Baldwin at a special term of Alger County Circuit Court.

Mr. and Mrs. Eino Niemi, Detroit, are visiting Mrs. Blanche Lahti.

Bethany LCW Units Will Meet Thursday

The monthly meetings of Lutheran Church Women Units of Bethany Lutheran Church will be held Thursday, July 2.

Miriam Unit will meet at 9:15 a. m. at the home of Mrs. Harold Johnson, 630 S. 16th St.

Sarah meets at 2 p. m. at the Helmer Flink cottage.

Mary will meet at 6 p. m. at the home of Mrs. Leslie Carlson at Groos. Members are reminded to provide the meat of their choice and their table service.

Martha is meeting at 8 p. m. at the home of Mrs. William Van Effen, 1014 S. 15th St.

Ruth meets at 8 p. m. at the home of Mrs. Arvo Hendrickson, 901 S. 18th St.

Lindenthal On Dean's List

John Lindenthal, student at the University of Santa Clara, Santa Clara, Calif., is on the Dean's Honor Roll for the spring semester of 1963-64. The honor is the highest which the university bestows upon its students and only nine percent of the students received it during this marking period. John, a graduate of Holy Name High School, Escanaba, is a son of Mr. and Mrs. George Lindenthal who now live in Pasadena.

Perronville

Holy Communion

Children of St. Michael's parish, Perronville, received First Holy Communion Sunday, June 28. In the class were Pat Brown, Joseph Khuta, Brian Roshak, Dan Pach, Gerard Madalinski, Lori Wienchowski and Linda Mott. The children received instructions from Franciscan Sisters of Christian Charity, Manitowoc.

First Friday

Holy Mass will be offered at 8 p. m. Friday, July 3, at St. Michael's Church, Perronville. Confessions will be heard before the Mass.

Tremors and earthquakes occur at faults or deep fractures in the earth's crust where one mass slips against another, causing it to vibrate.

Personals

Mrs. Rose Seales, of Hot Springs, Ark., visited last week at the Ernest Rudolph home, 215 N. 20th. Mrs. Seales then left to visit her daughter, Mrs. William Cloon Jr. in Ironwood before returning to Hot Springs.

Mrs. Martha Nordquist has returned from a two week visit with her sister and family, Mr. and Mrs. John Vandepool, Oregon, Pa., and her son, William Ness of Lynn, Mass.

Mr. and Mrs. Harold Olson and daughter, Barbara, niece, Pamela Brakke, and Albin Olson, of Ypsilanti are guests this week at the Lloyd Olson home. The Olsons are former residents of Bark River. Albin is a brother of Charles Olson and an uncle of Lloyd Olson.

Mrs. E. H. Clark, son, James Bisdee, and daughter, Sally, of West Bend, Wis., are vacationing with her mother, Mrs. Charles Bisdee at the Bisdee cottage at Garth Shores.

Carol Beggs of Green Bay is visiting with her parents, Mr. and Mrs. Stanley Beggs, 1308 Ludington St., while on summer vacation from her duties as kindergarten teacher at Jackson Elementary School in Green Bay. Miss Beggs plans to leave for Washington D. C. where she will visit with Kathryn Walch and then she and Miss Walch will tour Canada.

More people get more news from newspapers than from all other sources combined.

MR. AND MRS. Rudolph J. Steele of Felch announce the forthcoming marriage of their daughter, Carol Lorraine to Robert W. Hansen of Powers, son of Mrs. Julius Hansen and the late Mr. Hansen. A late August wedding is planned.

Bark River

Council Outing

More than 50 women of the Menominee County Home Extension Council toured Robinson's Mill and factory Friday and then enjoyed a picnic at Pulaski Park near Bark River. Gail Bowers, Menominee County Extension director, Stephenson, accompanied the ladies on the tour of the mill which is located at Jam Dam in Gourley Township.

Bible School At Assembly Of God Church

Final arrangements have been completed for the Daily Vacation Bible School which will be held at the Assembly of God Church, 301 N. 15th, July 6-11.

Hours will be from 9:30 to 11:30 with Bible stories, games and handicraft work. There will be classes for boys and girls ages 4 through 12. Awards will be given to those with perfect attendance with special prizes to the boy and girl bringing the most children.

The Bible School will be under the direction of Mrs. Robert Lorey. Assisting will be Mrs. Joseph Blau, Mrs. Bingham, Mrs. Robert Yelland, Mrs. Francis Fournier, Mrs. Louis Cusimanno, Mrs. David Byam and others.

A picnic will conclude the school, also a program with displays of the handicraft work done by the children.

All children of the neighborhood and surrounding areas are invited to attend. Arrangements may be made for picking up some children who otherwise could not attend. Those who wish further information may call ST 6-7488.

Social-Club TOPS Meeting

Wait Watchers T.O.P.S. Club will meet Wednesday at 7:30 p.m. at the V. F. W. Hall.

In This Corner

with Ray Crandall

Al Forsythe, head basketball coach at Maple of the Michigan-Wisconsin prep conference, has resigned after four years at the post to accept a position in physical education and guidance at South Milwaukee high school. Forsythe is a former River Falls, Wis., high school and college athlete.

Roger Wood, Stephenson high school sophomore who pitched for Wallace in the Wisconsin baseball league on Sundays, handcuffed the Menominee American Legion team with two hits in a 9-0 exhibition victory last week.

In Wells Township baseball action last week Harold Thingum hit the first homerun of the season over the left field fence. Following the circuit blast Mark Peterson slammed a triple and stole home with the winning run as the Bombers edged the Jets 10-9 in the Cadet League.

Reno Pettenuzzo of Doran's in the Soo Intercity league pitches like a broken record. It's the same thing over and over again. In his latest start he chucked a one hitter and beat Kincheloe 8-1. Pettenuzzo has chalked up nine straight mound victories this season.

White Pine knocked Ironwood out of the unbeaten ranks in Western U. P. high school baseball action, defeating the Red Devils 10-1 behind Martin Robertson's three-hitter. The setback leaves Ironwood, White Pine and Bergland tied for first in the league standings.

Remember Pickford's Roger Hower from the recent Upper Peninsula high school track season? He won both high and low hurdles events in the U. P. finals and set a new U. P. Class D record of 15.6 in the highs. He hits a baseball with as much authority as he steps the sticks. Hower is the leading batter in the Eastern U. P. baseball league with a .787 batting average on 10 hits in 14 trips. Pickford has won three of five starts.

Lefties Rugged

WIMBLEDON, England (AP) — Things aren't getting any easier for Chuck McKinley in defense of his Wimbledon tennis championship. They just seem that way.

After all, he has yet to face veteran Australian internationalist Fred Stolle and other top-seeded Roy Emerson or German upset-maker Wilhelm Bungert. But they're all right-handed.

And brash, bounding Chuck has had his troubles with the lefties. The San Antonio, Tex., star moved into Wednesday's semifinals with a struggling 6-3, 6-3, 4-6, 6-4 decision over unseeded Abe Segal of South Africa Monday.

So far the 23-year-old Texan has lost five sets. All but one have been to lefties. Last year he didn't lose a one en route to

the title.

The Wednesday semis have McKinley against Stolle and Emerson, the top-heavy favorite to win it all, playing Bungert. Each is a rematch. Bungert upset Emerson in the quarterfinals last year, then lost to McKinley in the semis. Chuck took the title with a victory over Stolle.

Bungert, possibly Germany's best since World War II, pulled another major surprise Monday, whipping Rafael Osuna, the Mexican-born U.S. national champion in straight sets, 6-4, 6-2, 6-3.

Emerson advanced with a matter of fact 6-1, 6-4, 6-4 triumph over fellow Australian Bob Hewitt, while Stolle eliminated Christian Kuhnke of Germany 6-3, 7-5, 6-3.

Face's Fork Ball Flame Seems To Be Flickering

By The Associated Press
The flame in Elroy Face's fork ball appears to be flickering. As a result, he's not putting out fires the way he once did.

Face, not long ago one of the top relief pitchers in the majors, was rocked again Monday night in Pittsburgh's 7-6 loss to the ninth-place Los Angeles Dodgers.

The 36-year-old Pirate right-hander entered the game in the seventh inning just after a four-run rally had tied the Dodgers 5-5. He retired the first batter, but before retiring the side, he walked three batters and gave up two singles, allowing the Dodgers to score two runs, which they needed for the victory.

For his brief appearance, Face suffered his third loss in five decisions and had his earned run average soar to 5.23 for 22 games.

Face's showing followed a painful pattern that has devel-

oped for the man who won 17 straight games in relief in 1959 and who has averaged 61 appearances a season for the past eight years.

He was called upon June 21 to keep the Pirates close in a game Chicago led 2-0. However, the Cubs lashed him for two runs and three hits in two-thirds of an inning.

On June 12 he replaced starter Bob Veale in the sixth inning after the Cubs had scored two runs and had two more runners

on base with two out. Face put another on before Joe Amalfitano belted a grand slam homer.

In other National League games Monday, New York edged San Francisco 4-3, Houston trounced Philadelphia 6-1, Milwaukee downed St. Louis, 7-4 and Cincinnati whipped Chicago 6-1.

Frank Howard drove in three runs for the Dodgers, including the winning one with his second sacrifice fly. He also homered. The Pirates, down 5-1, had ral-

lied for a tie on two errors by third baseman Derrell Griffith, two wild pitches by Bob Miller, a walk and singles by Donn Clendenon, Bill Mazeroski, Bob Bailey and Manny Mota.

Jesse Gonder's two-run homer in the ninth off Bob Bolin lifted the Mets to their fifth victory in 10 games with the league-leading Giants. The blow followed a one-out walk to Larry Elliot, Jim Hart belted four hits, including a fourth-inning homer, for the Giants.

Bob Aspromonte's hitting and Bob Bruce's pitching led Houston over Philadelphia. Aspromonte climaxed a five-run first inning with his second grand slam homer of the season. Bruce allowed seven hits, two after the fourth inning, and didn't walk anyone in winning his eighth game against four defeats. He retired 16 consecutive batters at one stretch.

Ed Matthews walked in his first four appearances, then homered in the ninth inning, tying the Cardinals 4-4. The Braves went on to score three more runs in the inning. Gene Oliver singled home Denis Menke with the deciding run. Matthews scored two earlier runs on singles by Lee Maye.

The Reds whipped the Cubs behind the hitting of Steve Boros and Leo Cardenas. Boros drove home two runs with a triple in the second inning while Cardenas doubled home three runs in the third. Dick Bertell homered off Jim O'Toole, who recorded his seventh triumph in 11 decisions.

Girls Softball

Saykly's downed State Bank 19-12 Monday. Carol Bartosz was the winning pitcher and helped her own cause with a homerun. Marlene Benoit pitched for the losers.

Hamms Scores Tenth Victory

Monday Results
Hamms 8, Flat Rock 0
Bero Motors 11, No. 3 Mead 10

Games Tonight
6:45—Hall Ins. vs. Teamsters
8:15—Mead 1 vs. Skinny's

Hamms took another step closer to the Escanaba Softball League championship with an 8-0 shutout over Flat Rock at Memorial Field Monday night. The victory was the 10th this season against one setback.

In the nightcap Bero Motors scored twice in the last of the seventh to edge No. 3 Mead by

an 11-10 margin. Singles by Dale Bittner, Roger Pepin and Jim Boyle produced the margin of victory.

George Martinson and Bill Curtis shared the Bero mound while VanDrese and Cliff Larson tossed for Mead.

Hamms jumped to an early lead, scoring three runs on one hit in the second inning. The league leaders wrapped up the scoring in the fifth with five runs as Jack Annear walked, Bud Kenneally walked, Don Martineau, Bob Corriveau, Bob Melchoir and Wally Flath stroked singles.

Bill McGovern and Corriveau teamed up for the shutout, with McGovern firing the first five frames.

League action will resume tonight and continue through Thursday.

The first annual Escanaba invitational tournament will open Friday night with all three Escanaba teams in action. The local teams entered in the tournament, which will continue through Sunday night, are Skinny's Bar, Mead No. 1 and Hamms.

Golf

ESCANABA COUNTRY CLUB
PARI-MUTUAL — JULY 1

12:45 — Harriet Fitzharris, Donna Perron, Clara Embs, Corrine Leitzmann.
12:50 — Gloria Hansely, Marge Durkin, Esther Lorey, Ruth Dufresne.

12:55 — Marie Wicklander, Betty Bennett, Betty Ann Christensen, Claire Garrard.
1:00 — Rosemary LeMire, Helen Moore, Rena Rodman, Lois Thompson.

1:05 — Dorothy Anderson, Karen Tochterman, DeeDee Bonifas, Eleanor East.
1:10 — Marilyn Knoll, Peg Douglas, Betty Anderson, Jane Mulvaney.

1:15 — Mary Sue Boyce, Ruth Neerham, Mary Alice Tobin, Mary Bonifas.

Little League

With the bases loaded, two runs home on a no one out Bill Baum came on in the top of the sixth to shut the door on Rotary and the Eagles picked up a run in the last of the sixth to win 7-6 in Jaycee Little League action Monday. The Eagles are at Credit Union tonight.

Trenary Rips Skandia, 12-4 In LS League

Trenary exploded for 18 hits in a 12-4 victory over Skandia in Lake Superior baseball league action.

Alan Pasonen scattered five hits and fanned a dozen batters for the mound decision. Al Rukilla and Pasonen each had four hits for Trenary and Jerry Hytinen and Andy Freiberg contributed triples.

Trenary is now 5-1 in league competition.

Grid Captain, 76, Is Dead

NASHVILLE, Tenn. (AP)—J. Vaughan Blake, who carried on a family tradition of being a Vanderbilt University football captain, died at his home here Monday. He was 76.

For three years, 1906 through 1908, Blake and his brothers Dan and Bob captained the Vanderbilt teams which compiled 20 victories, four losses and two ties.

BOSTON (AP) — The top nine batters in the American League are on the All-Star squad completed except for pitchers and announced today by President Joe Cronin.

Al Kaline, a terror in past mid-season classics, was prominent among the latest additions. Manager Al Lopez, as did National pilot Walter Alston, followed the players' balloting down the line in naming their second choices. Lopez also added first baseman-outfielder Joe Pepitone of the New York Yankees "because he can play two positions."

Lopez will complete selection of an eight-man pitching staff, to be announced Wednesday night. The game will be played July 7 at New York's Shea Stadium.

Chicago, now in third place but in the thick of the pennant fight all season, failed to place a man among the 17 non-pitchers. So did Cleveland and Kansas City. Since all teams have to be represented, Lopez must consider that factor in his pitching picks.

Detroit dominates the additions made today with catcher Bill Freehan and second baseman Jerry Lumpe joining outfielder Kaline who has been selected for the 10th time—second only to Mickey Mantle's 13. In 12 All-Star contests, Kaline has batted .345 with two homers and six RBIs.

First baseman Norm Siebern

and shortstop Luis Aparicio represent Baltimore.

Boston third baseman Frank Malzone, outfielders Jimmy Hall of Minnesota and Chuck Hinton of Washington and Peppitone also were named.

Previously announced as starters were Elston Howard, Mantle and Bobby Richardson of the Yankees; rookie Tony Oliva, Harmon Killebrew and Bob Allison of the Twins; Baltimore third baseman Brooks Robinson and Los Angeles shortstop Jim Fregosi.

Hinton, Freehan and Kaline are among the leading nine league batsmen along with starters Allison, Oliva, Robinson, Fregosi, Mantle and Howard.

U.S. Fighters To Face Reds?

NEW YORK (AP) — Negotiations between American and Russian boxing authorities are in the weigh-in stage for what could develop into an unprecedented U.S.-Soviet ring encounter before the 1964 Olympic Games.

If the U.S. Amateur Athletic Union and the Soviet Boxing Federation can resolve several knotty problems, Russian and American boxers may answer the bell sometime in August or September—possibly at the New York World's Fair.

Tass, the Soviet news agency, reported Monday that the fight meeting had been set, though a date had not—an announcement branded "premature" by Col. Don Hull, executive director of the AAU.

Col. Hull acknowledged a Russian proposal for the exchange and said American champions would welcome the opportunity for a pre-Olympic test. He added, however, that obstacles to the meeting were legion, perhaps insurmountable.

One stumbling block, according to the Tass report, involved the Russians' preference for an August date while the AAU favored a September meeting.

Col. Hull pointed out that amateur boxing in the United States is seasonal, running parallel to basketball's winter tenure. AAU champions, several of whom failed to land Olympic berths in last month's trials, would compete for the United States against the Russians after long periods of inactivity.

Seattle Entry Fastest Boat

DETROIT (AP) — Veteran hydroplane driver Bill Muncey pushed Notre Dame to 115.302 miles per hour on the Detroit River to lead six Gold Cup qualifiers Monday.

The Seattle, Wash., entry nosed out Miss Madison, an Indiana boat driven by Buddy Byers, which was clocked at 113.247.

Other Monday qualifiers included:

Miss Eagle Electric, driven by Norm Evans, Spokane, Wash., 107.285; Miss Budweiser, Bob Schroeder, Tampa, Fla., 196.684; Miss U. S. V., Don Wilson, Detroit, 105.537; and Tahoe Miss, Chuck Thompson, Reno, Nev., 103.185.

A total of 16 boats, including defending champion Miss Bardahl, have until race time Sunday to make the minimum 90 miles per hour qualifying time. Monday's qualifiers have the option of improving their times to gain better pole positions, officials said.

Yesterday's Stars

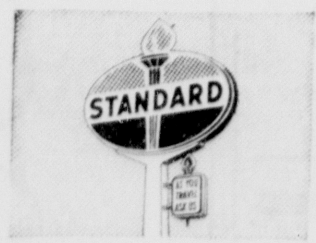

By The Associated Press
BATTING — Jesse Gonder, New York, boosted the Mets to a 4-3 victory over National League leading San Francisco with a two-run homer in the ninth inning.

PITCHING — Bob Bruce, Houston, scattered seven hits and won his eighth game against four defeats in the Colts' 6-1 triumph over Philadelphia.

Scout Troop 400 At Camp

Eighteen members of Troop 400 are at Red Buck Boy Scout camp this week. The troop is led by Ken Gillingham with Ted Hentschell assisting.

At the camp from the troop are Frank Hentschell, Terry Schulze, Bill Eimerman, Joseph Bosanic, Ron Courmay, Ron Gillingham, Tony Ebbi, Greg Gorsche, David Kasun, Greg Lambert, Larry Nelson, Neil Bush, Michael Wilson, Ole Sholander, Jerry and Greg Weber, John Adams, and Harry Toennessen.

Planned are merit badge work, swimming, an overnight hike, and a parents night Wednesday with a water carnival and campfire program. The camp is located on Federal Highway 13. It continues through Saturday.

Manistique Will Have Soo Kilties July 4

The Canadian Soo's Kiltie Band, which has made many friends in Manistique through appearances over the years will be returning for the July Fourth celebration sponsored by the American Legion.

The Pipe Band, organized by Canadians of Scottish descent in 1918, joined the Canadian Militia, which corresponds to the U.S. National Guard, in 1951 and last year won a first and third award at Fergus, Ont., a first at Renfrew and the North American championship at Maxville.

It's official name is "The Pipes & Drums of the 49th Field Rgt. RCA."

Most of the men in the band are of Scottish descent, and have been playing in the band 20 to 25 years. They wear the Gordon tartan.

The pipe major, a native Scotsman who emigrated at the Band's request in 1959, has been a piper from childhood and has two sons in the band. He played in the World's Champion pipe band before coming to America. The drum sergeant, James McComm, a native of Ireland, also has a brother in the band, Tom, a drummer too. During the past year the band also acquired a third Irish drummer, Jim Brown.

Manistique News

Robbery Pair Going To Prison

Prison sentences were given in Circuit Court Monday by Judge George S. Baldwin to two airmen who robbed Vaughan's Grocery, and also to a Manistique youth on a charge of breaking and entering in the nighttime. Prompt citizen action resulted in apprehension of the holdup pair in 10 minutes, May 13.

John A. Hanna, 23, of Hobart, Ind., and Clarence A. Hill, 21, of Lexington, Ky., were given the prison terms on armed robbery charges, with recommendation they serve it at Cassidy Lake. Hanna was given a 3-10 year term and Hill, who in another robbery had hit a person on the head, was given 3½ to 10 years.

William Roberts, 17, who appeared on the breaking and entering charge was put on probation for three years with not more than one year of it to be at Camp Pugsley. He is to stay in jail until taken there. He also has to pay \$27.20 restitution and \$50 costs within 30 days after leaving the camp.

Following pre-trial Monday, a jury trial has been scheduled Tuesday at 10 a.m., in the law case of Boris Nicholich vs. Morris F. Laux, administrator of the estate of William M. Gannott, deceased and Robert Foye. A pre-trial also was held in the case of Ruth Elavsky vs. Graydon and Kathryn Brewster. It was continued to the next term.

A divorce was granted Shirley Finstrom from Wallace Finstrom.

Mrs. Frederick W. Rydberg

Kristin Mathison Is F.W. Rydberg's Bride

Summerfield Methodist Church in Milwaukee was the setting Saturday for the wedding of Miss Kristin Ray Mathison and Frederick William Rydberg.

Rev. F. G. MacKenzie solemnized the 4:30 p.m. ceremony for the daughter of Mr. and Mrs. D. A. Mathison of 1102 Lake Shore Drive and the son of Mr. and Mrs. F. E. Rydberg, Statesville, N.C.

Mrs. E. Perschbacher played the Lohengren and Mendelssohn Wedding Marches and Robert Lombard sang O Perfect Love and the Lord's Prayer during the ceremony.

The bride, who was given in marriage by her father, chose a white floor length gown of silk organza over candle light taffeta, fashioned with a bateau neckline and fitted bodice. The A-line skirt featured a detachable train, highlighted by a Dior bow. Her gown was frosted with alencon lace adorned with crystal and pearls. She wore a mantilla with a pearl crown and French illusion veil. Her bouquet was of white orchids accented with white stephanotis and trailing ivy.

Miss Cinda Oja of Traverse City was maid of honor, and Gloria Spostrom of Gladstone and Patricia Rydberg, Statesville, and sister of the bride groom, were the bridesmaids. They chose short camellia pink sheath gowns of peau de soie with bouffant overskirts and Dior bows at the fitted waistline. Their headpieces were large Dior bows with bouffant French veils. They carried bouquets of pink and white pom poms.

Richard Rydberg of Statesville was best man for this brother, and Anthony Zaleski, of East Chicago, Ind., and George Shimabukuro of Keele, Hawaii served as groomsmen. Jan Lewis of Cedar Grove, Wis., and Michael Pulaska of Waukegan, Ill., fraternity brothers of the groom, seated the guests.

The bride's mother was dressed in pale blue for her daughter's wedding, and the groom's mother in pale green. Both wore matching accessories.

The reception was held following the ceremony in the church parlors. Miss Joan Schlecht, former roommate of the bride, cut the wedding cake and Miss Layne Westrum of Milwaukee was in charge of the guest book. The Misses Nancy Bjork, cousin of the bride, and Kathy Roberts of Milwaukee, served punch and coffee.

The bride is a graduate of Gladstone High School and the Patricia Stevens Career College and Finishing School of Milwaukee. She has also studied at the Layton School of Art. She is a secretary for the United States Steel Corporation District Sales Office in Milwaukee. Her husband is a graduate of Culver Military Academy, Culver, Ind., and attended the University of Wisconsin in Madison. He is presently a senior at the Milwaukee School of Engineering, where he is majoring in Mechanical Engineering. He is affiliated with Tau Iota Epsilon Fraternity.

Following their honeymoon at the Wisconsin Dells, the newlyweds will make their home at 2207 East Webster Place, Milwaukee.

Out of town guests were from Michigan, Wisconsin, Illinois, North Carolina, Minnesota, and Indiana.

GLADSTONE

In Service

John F. Johnson, son of Mr. and Mrs. Ted Johnson of 222 N. Court St., Gladstone, has been promoted to airman second class in the U.S. Air Force at Lackland AFB, Tex.

Airman Johnson is a chaplain services specialist in a unit that supports the Air Training Command mission of training airmen and officers in the diverse skills required by the nation's aerospace force.

City Briefs

About 200 friends and relatives attended the 50th wedding anniversary celebration of Mr. and Mrs. Jack Anderson on Sunday. Out-of-town guests included: a son, Mr. and Mrs. James Anderson on Sunday, and daughters, Susan and Ruth, Mankato, Minn.; their daughter, Mrs. William E. Underwood and son, Bill, Long Beach, Calif.; grandsons, Dennis Hutchison, Downey, Calif., and Michael Hutchison, Myrtle Beach, S.C.; Mr. and Mrs. Don Langford, Evansville, Ind.; Fred Beck, Long Beach; Carol Thorsen, Karen Stratton and Ruth Oakley, Chicago; Mr. and Mrs. August Wicklund, Stambaugh; Mr. and Mrs. John Anderson, Crystal Falls; Mr. and Mrs. George Rajala, Milwaukee; Mr. and Mrs. Floyd Lundberg, and daughters, Chris and Ruth, Chicago; Mrs. Lena Oster, Leeper; Ivan Schultz and children, Carla and Gary of California; and Mr. and Mrs. Rudy Sidmark, Powers.

Briefly Told

In observance of July 4th the City Hall will be closed all day Friday, July 3.

State Police ticketed the following motorists for traffic violations on Monday: Mary Alice Masta, 802 N. 15th St., Gladstone, no operator's license and violation of the basic speed law, too fast for conditions; James J. Grabrielson, 564 N. 8th St., Gladstone, allowing an unlicensed person to drive; Thomas J. Aper, Brampton, defective turn signal; Joseph W. Pinar, Rte. 1 Gladstone, no operator's license and Robert J. Breault, 2222 25th Ave. S., speeding.

Births

Mr. and Mrs. Kenneth DeShambo, 600 Summit St., Marquette, welcomed their first child, a boy, on June 28 at 3:13 a.m. The infant, who has been named Kevin Joseph, weighed 9 pounds and 6 ounces at birth. Mrs. DeShambo is the former Sandra Girard, and Kevin Joseph is the first grandchild of Mr. and Mrs. Lowell Girard, 112 S. 6th St., Gladstone. Mr. and Mrs. Richard DeShambo of Rte. 1, Gladstone are the new father's parents.

Should Postoffice Be Open Dec.25?

In a program for Rotary Monday, the Rev. Ingmar L. Levin spoke on the Supreme Court decision regarding prayer in schools and noted it was his personal opinion that not much had been lost for "God has not been ruled out of the lives" of people.

Actually this was a formal expression in public schools and use of prayer to create a moral atmosphere is probably debating it. "Prayer is a nice thing" but care has to be taken for there are different faiths. There are those who may feel this is not fair, but Christianity is necessarily a church function and the churches still have rights, he said.

Similarly, he said, reading a Bible without comment in school has dubious value, for interpretation is necessary. This always has and should be reserved to the church. The United States has probably passed the place where an underlying Christian influence can be assumed. We don't participate in religion by osmosis and it is not the task of a state to provide a type of religious instruction. It's job is to see that people have a right to exercise it, he noted.

There is a tendency to equate Christianity with a system of ethics and tie-in Christianity with government. Thus it is said "We are a Christian nation. Actually we should say we are a nation with some Christians in it for there are Jews and others who are not Christians."

"We must recognize there are others who have high standards. Much of the chatter in this matter comes from what we call the Bible belt, in the south. If we carry this separation the whole way, what will happen to Christmas? They close the post office that day. And how about chaplains in the Armed Forces? And tax exemptions for churches? In elections where there are property owner qualifications, conceivably, at least for Luther-

ans, the congregation members all would have voting rights, as the property is in the name of the contributors to the church. Churches then could swing a lot of votes," he pointed out.

At the conclusion, the clergyman cited a statement of the late President Kennedy asking that Americans support the constitution, though they might agree or disagree on the Supreme Court decision. All can pray a little more at home and in their churches, he had said.

"We should thank God for the freedoms, which still stand as part of our heritage and which we have to declare and fight for," Rev. Lecin stated.

The program was arranged by Dr. A. B. Bernier.

At the conclusion, the club's gavel was turned over to Matthew Stram, incoming club president, by William F. Hood. Marvin Fredericksen, past president, presented to Hood a past president's pin which had been that of the late Russell Watson, club president in 1943 and later a district governor. Mrs. Watson requested the pin be presented.

Briefly Told

Mr. and Mrs. Frank Jewell of Frankfort are guests of Mr. and Mrs. Earl Cox, 102 Main St.

Cpl. John Strable of the State Police is a surgical patient in Room 9-West, University of Michigan Hospital, Ann Arbor.

Rev. and Mrs. Roy Pitts left Monday for a month's vacation to visit friends and relatives in Canada.

Ralph W. Smart was taken by ambulance Sunday from 119 Walnut St., to Schoolcraft Memorial Hospital.

Guest organists during July and August at the First Baptist Church will be Mrs. Rodgers Tyrrell, Jacqueline Anderson, Mrs. Carole Bradley, Mrs. Roy Pitts. Special music has been arranged for the summer.

Richard Bruceau, 49, of Gulliver and John Hruska, 36, of Gulliver were ticketed by State Police for being drunk and disorderly following an accident Sunday evening in which a car in which they were driving went off the River Road and into a ditch.

Richard Witkop, 25, of Minot, N.D., was ticketed for improper overtaking and passing after an accident at 9 p.m., Saturday on U.S. 2 at M-77. A car driven by Anthony Smith, 31, of Toronto, Ont., was about to turn left on M-77 and Witkop was attempting to pass, State Police reported.

Debt Limit Goes To 324 Billion

WASHINGTON (AP) — President Johnson's signature has put the temporary national debt limit at \$324 billion — until a year from today.

If Johnson had not signed the bill Monday, the limit would have dropped automatically to the old temporary limit of \$309 billion today and to its permanent limit of \$285 billion at midnight tonight.

The actual federal debt now stands at \$312 billion.

by J. R. Williams

Radatz No Monster; More Like Machine

By The Associated Press

Dick Radatz a monster? Why that silly, any American League batter can tell you that thing Johnny Pesky keeps calling out of the Boston bullpen more like a machine.

Take Monday night for example. Radatz threw 32 pitches at Kansas City Athletics and 24 were strikes. It was his 40th appearance of the year and his 2 1-3 inning stint saved a 4-3 Red Sox victory.

The save, his third in two days, was the 13th of the season for the huge reliever whose 93 strikeouts give him second best total in the AL. Pesky's man in the bullpen sports a 1.62 earned run average and seems a shoo-in to snap Jim Konstanty's record of 74 appearances in one season.

Pesky has nothing but admiration for his stopper. "He's so important to us," the Red Sox manager says, "it's unbelievable."

Elsewhere in the AL Monday

Baltimore stretched its winning streak to seven games with a 6-3 victory over Minnesota. Chicago topped Cleveland 5-1 in 10 innings and Washington defeated Detroit 5-3. New York and Los Angeles were not scheduled.

In the National League, Cincinnati rocked Chicago 6-1. Houston smacked Philadelphia 6-1. Milwaukee beat St. Louis 7-4. New York nipped San Francisco 4-3 and Los Angeles edged Pittsburgh 7-6.

Radatz came on when the Athletics had reached Sox' starter Earl Wilson and reliever Arnold Earley for two runs in the seventh. He got pinch hitter Doc Edwards to fly out and then stifled the Athletics the rest of the way.

Boston shortstop Eddie Bresoud drove in two runs with a double and a triple and scored another after walking. The hits pulled Bresoud's average to .304 and ended a lengthy slump that had dropped him below .300 for the first time this season.

Robin Roberts survived two

solo home runs by Tony Oliva and Harmon Killebrew's 28th circuit as the Orioles extended their league lead to 4 1/2 games over the idle Yankees.

Norm Siebern hammered a two-run shot for the Orioles, who have won 10 of their last 11 games in their drive to the top.

Sam McDowell had the White Sox blanked for 8 2/3 innings but Mike Hersherberger's bases loaded single sent it into extra innings. Chicago then exploded for four runs in the 10th with run-scoring doubles by Tom Mc-

Craw and J. C. Martin the key blows.

Jim King clouted a two-run homer and Ed Brinkman delivered a long sacrifice fly to give Washington its victory. It ended a six-game losing streak for the Senators.

Claude Osteen, who won his sixth game, doubled in front of King's 12th homer in the fifth inning. Then Brinkman's sacrifice fly brought Don Lock home with the deciding run an inning later. Lock had walked and moved up on Mike Brumley's double.

Regan Might Be Another Smith As Outfielder

WASHINGTON (AP) — Like Willie Smith, whom the Detroit Tigers traded to the Los Angeles Angels for Julio Navarro, pitcher Phil Regan might make a good outfielder.

Smith, demoted to Syracuse after spring training, turned into a power-hitting flychaser when sent to L.A. Navarro, since sent to Syracuse, left Detroit after serving up six home run balls in six games.

Regan failed to finish for the 12th time in 12 starts Monday night as the Tigers lost a 5-3 decision to the Washington Senators. But he clubbed two hits in two official trips to the plate, including his second double of the season. He now has 11 hits in 23 trips for a sturdy .478 mark.

But his earned run average of 5.49 after Monday's outing is even higher.

Regan gave up four runs, three of them earned, in six innings, against the Nats. The Senators, ending a six game losing streak, earned only three of their five runs because of errors by Don Wert and Dick McAuliffe.

Regan tossed his 12th gopher ball of the season to Jim King in the fifth with a man aboard, then let in what proved to be the winning run in the sixth.

Don Lock walked, took third on Mike Brumley's double, and scored on a sacrifice fly by Ed Brinkman.

Al Kalline nearly saved the day by doubling Brumley up at the plate with a great throw on pitcher Claude Osteen's fly to right.

But the Tigers couldn't get anywhere with Osteen in the last three innings.

Detroit staked Regan to a 3-1 lead in four innings. Jerry Lumpe led off in the first with a double and scored on Kalline's single. Then, McAuliffe's 12th homer followed a single by George Thomas in the fourth.

After that, Osteen settled down for his sixth win against four defeats. Regan is now 3-7. The Tigers wind up the eastern road swing tonight. Dave Wickershaw will be after his 11th victory. Detroit returns home Wednesday for night game with Cleveland.

Boyer Hoping For Big Year

ST. LOUIS (AP) — Always a bridesmaid; never a bride. That's Ken Boyer of the St. Louis Cardinals.

Boyer has given the Cardinals nine years of consistent performance that have made him an outstanding third baseman in the National League.

But the big right-hander hitter has never had the sensation of a year that would take him out of the shadow of Stan Musial, or Hank Aaron, or Willie Mays.

He has never led the league in hitting, or runs batted in, or home runs. He has never been its most valuable player.

"I've always wanted to drive in 100 runs, hit 30 homers and bat 300 in one season," said Boyer, who is probably one of the best all-around third basemen St. Louis has ever had.

"I've had them all in separate seasons, but never together."

Boyer hit 32 homers in 1960, he has hit more than 300 five times, and he has driven in 111 runs in a season. His steady play is shown in the last six years in which he has driven in more than 90 runs, hit more than 20 homers and hit more than 285 each season.

He has been named to the National League All-Star team for six straight years, including this season.

At the age of 33, Boyer is off to his greatest year in run production with a chance to step into the spotlight. He leads the league in RBI with 54. Boyer has 12 homers and is hitting .297.

Boyer has averaged more than 150 games a year for the Cardinals, but "that 162-game schedule is rough." "When you work in an office," he said, "you get two days off a week. Think of how it is working seven days week after week. You can't rest physically or mentally."

"I can feel things I didn't feel two years ago. It's nothing serious, but I don't always have that zip I had earlier."

Age No Barrier To Hole In One

OKLAHOMA CITY (AP) — Two holes in one were scored Monday at Twin Hills Country Club here. The aces were the first for each of the golfers.

William Hoskinson got his on the 147-yard No. 11. Jay Buxton holed his tee shot on the 150-yard No. 4.

Buxton is 12 years old. Hoskinson is 84.

The youngster has been playing two years. Hoskinson took up the game 34 years ago when he was 50.

"This just proves that if you live long enough and keep trying, anything is possible," Hoskinson said.

But the Tigers couldn't get anywhere with Osteen in the last three innings.

Detroit staked Regan to a 3-1 lead in four innings. Jerry Lumpe led off in the first with a double and scored on Kalline's single. Then, McAuliffe's 12th homer followed a single by George Thomas in the fourth.

After that, Osteen settled down for his sixth win against four defeats. Regan is now 3-7. The Tigers wind up the eastern road swing tonight. Dave Wickershaw will be after his 11th victory. Detroit returns home Wednesday for night game with Cleveland.

Lopat Given New Contract

KANSAS CITY (AP) — Ed Lopat has been rehired for a newly created job as vice president in charge of player personnel at a salary hike under a new contract, three weeks after he was fired as manager of the Kansas City Athletics.

"He's a tremendous fellow with great experience as an outstanding pitcher, scout and manager," said owner Charles O. Finley Monday.

Lopat's contract as manager extended through the 1965 season at a salary of between \$25,000 and \$30,000 a year. His new contract is a higher salary and extends through the 1966 season.

Race Driver May Not Walk

TERRE HAUTE, Ind. (AP) — Race driver Johnny White, voted Rookie of the Year after his fourth-place finish in the Indianapolis 500-mile race last month, may never walk again, let alone drive.

His physician, Dr. William H. Allen, said Monday that White's legs were apparently paralyzed permanently when the 32-year-old Warren, Mich. driver suffered a broken neck in a sprint car event here June 14.

Dr. Allen said White has recovered movements only of his shoulders, but indicated hope he might regain use of his hands and arms.

"So far, the return hasn't been too encouraging," Dr. Allen added.

White was injured when his sprint car rolled over a fence and landed upside down in a qualification attempt at the Vigo County Fairgrounds clay track.

Dr. Allen said White would be hospitalized here another two or three weeks before being moved to a Detroit area hospital for a rehabilitation period, which might require three or four more months.

Gentile Lost To Kansas City

BOSTON (AP) — Kansas City slugger Jim Gentile is not expected to return to action until after the All-Star game, the club announced Monday night.

Gentile pulled a cartilage from a rib on his left side June 25 and was sent home for examination and treatment.

He is expected to return to action after the All-Star game.

Problems Beset Track Officials

NEW BRUNSWICK, N.J. (AP) — "Ladies and gentlemen," the public address system announced, "two automobiles are parked in the middle of the hammer throw area."

"They should be removed before the start of competition."

Which sounded like pretty good advice. Their owners apparently thought so, too, doubtlessly envisioning a series of 16-pound weights crashing into finance company's property.

The announcement was the result of just one of a series of problems that beset officials at the National AAU Track and Field Championships last Saturday and Sunday, problems caused either directly or indirectly by the advance of mechanization.

For example, there was some sort of super-duper measuring device used for the javelin throw. An announcement was

made that this is the device used in international competition, the Olympics and such like and that it's extra fast and terribly accurate and quite the latest thing.

Only they had set it a little bit wrong to start with and didn't discover until the competition was half through that it was measuring 10 feet short.

And then there were the trial heats in the 100-meter dash and the 110-meter hurdles. They were using a new photo timer setup.

So the heats were run and the judges made their picks and the results announced. Reporters busily pounded out the word. Some time later the photos were consulted.

The results in two of the heats were juggled around a bit, prompting a series of highly interesting and extremely colorful comments from the press section.

War Machinery Of Red Chinese Out Of Order

By FRED S. HOFFMAN

WASHINGTON (AP) — The United States is drawing the line in Southeast Asia at a time when Red China's ability to fight a major modern war is in a tailspin.

China's worn-out air force is starved for spare parts and new planes to replace a fleet that is largely of Korean War vintage.

Her army, huge in manpower, is short on up-to-date tanks and strapped on artillery.

There are serious scarcities of fuel to run the planes, tanks and vehicles that China does have. Red China's military deterioration set in about four years ago when the growing ideological dispute with the Soviet Union led Moscow to shut off supplies and technical help to China.

One effect of this has been to set back the day when China can explode her first atom bomb.

No Help From Russia

The Soviet-Chinese split seemingly has deepened and the prospect that the Soviet Union will resume arming China is considered remote.

U.S. officials regard as significant Moscow's recent warning to Red China that she should no longer count on Soviet backing in a crisis.

Some high officials believe this Soviet action was a direct result of repeated U.S. warnings that it is ready to risk war with China to keep Southeast Asia from falling under Communist domination.

Secretary of Defense Robert S. McNamara has said it will be "many, many years" before Red China is a first-class power. This evaluation, based on solid intelligence information, is a main underpinning for the new U.S. "hard line" toward China. There is an awareness that China could feel forced to call this country's hand.

No Forces Massed

She could, as she did in Korea, send hordes of men rolling into Southeast Asia.

The latest intelligence reports show no evidence of any Chinese massing of forces in South China, sources said.

But the United States has no intention of getting into a ground war with China unless there is no other way out. What this country would do, officials have indicated in private, is to apply its massive air power. China's obsolescent air force would be virtually helpless to halt such an assault.

If China infiltrated the jungles of Laos and Viet Nam in a guerrilla offensive on a big scale, it would be hard to halt such a surge on the ground.

But U.S. aircraft could be expected to hit hard at the sources of supply and reinforcement in China, at highways and railroads, if necessary at industrial centers and bases deeper in the country.

Bases Pinpointed

Even withholding its great nuclear power, this country's air force and its potent naval air arm could drive home devastating blows.

U.S. intelligence has pinpointed

ed a series of military bases and a vast network of roads and railways radiating from South China's Yunnan Province toward North Viet Nam and Burma.

Available Marine and Army strength in the Western Pacific is too thin to undertake a major, sustained ground war.

The main U.S. force of this kind in that general area is a Marine Division on Okinawa, including a battalion landing team afloat with the U.S. 7th Fleet in Asian waters, plus an Army airborne brigade on Okinawa.

There are two Army Divisions in South Korea, but these are pinned down by the ever-present threat from Red North Korea. On Hawaii, the 25th Infantry Division stands ready as the theater reserve.

The United States has vastly improved its airlift in recent years and reinforcements, including a Marine division on the West Coast and Army troops from the United States, could be flown across the Pacific.

Warplanes Move Fast

But the movement of the heavy gear that makes these divisions potent striking forces would have to go by ship, and that takes many days.

Some heavy equipment is stockpiled in Thailand, on Okinawa and aboard three depot ships in the Philippines, but not nearly enough for a truly major ground operation.

This country's aces in the game are nearly 3,000 military planes in the Pacific, plus the 125 ships of the 7th Fleet ranged along the Asian Coast.

U.S. Warplanes—most of them far faster, far more maneuverable, and far more heavily armed than the Chinese—can strike at China from bases on Okinawa, Formosa, the Philippines, South Viet Nam, Thailand—and Japan, although political considerations might prevent this.

The 7th Fleet has three big carriers from which Marine and Navy fighters and bombers could be launched against the mainland.

This is what the Chinese have, based on intelligence reports.

An air force of about 2,400 planes, mostly older fighters—MIG15s and MIG17s. As much as half of this force reportedly has been immobilized by a shortage of fuel and a need to take parts from some planes to keep others flying. Some medium- and long-range bombers and a few transports. The 75,000 air force men include about 10,000 pilots who aren't rated very highly.

A People's Liberation Army of 2,600,000 men—many of them conscripts—formed into 160 divisions. About three are armored divisions, one is airborne, some are cavalry for desert operations and the great mass are infantry.

A navy of about 135,000, which includes marines. An air arm of about 500 MIG17s. Some 30 submarines, about half equipped for mine-laying. This navy, mainly for coast defense, couldn't stay in the water with the mighty 7th Fleet.

Estes Opens Up Export Business

EL PASO, Tex. (AP) — Billie Sol Estes, onetime financial wizard whose farm empire's collapse created a national scandal, presided quietly at the opening of a new import-export business bearing his name.

Previously the shop was called the Rio Loan, a pawnshop operated by Paul Stone.

Paper bags covered the firm's sign. When they were removed Saturday, Rio Loan had another title added to it: Billie Sol Estes Import and Export.

jantzen

A.

Down goes the waist, up goes the fashion score. Jantzen's new here is the dropped waist and covered top in checked and solid knit, 91% stretch nylon 9% spandex.

\$14.95
and up

B.

Loaded with news, but no calories. Jantzen's new two-piece knits are interestingly covered, virtually weightless. Shown: nylon tricot top over maillet of 91% stretch nylon with 9% spandex.
